DISPOSAL OF SURPLUS PROPERTY – OBSOLETE MATERIALS, SUPPLIES, AND EQUIPMENT

Background

The district has a contract in place to conduct public auctions on behalf of the district for the disposal of surplus and obsolete property. As the property is identified, a listing is brought to the Board to request the property be declared surplus and authorize staff to dispose of it in the appropriate manner. The majority of these items are obsolete.

Education Code 17545(a) authorizes the governing board to sell for cash any property belonging to the district, if the property is not required for school purposes, is in unsatisfactory condition, or is not suitable for school use. Since the storage of these items takes up valuable space, the district would like to proceed to dispose of these items by means of a public auction conducted by contract with a private auction firm.

By approving this request, the Board will be authorizing the district to properly dispose of the list of surplus property, allow a private auction firm to execute a public auction, and authorize disposal by other legal means if such property is not sold**.**

Financial Impact

Additional local income anticipated

Placentia-Yorba Linda Unified School District
Board of Education Regular Meeting
April 14, 2026

DISPOSAL OF OBSOLETE TEXTBOOKS

Background

Periodically, the Board of Education designates certain school textbooks as obsolete. The schools submit lists to the Board to be declared obsolete and for authorization for disposal pursuant to Education Code Sections 60510-60511. The schools have submitted lists according to district procedure.

When textbooks become outdated, have exceeded the adoption period, and do not meet other legal criteria, the Board of Education designates them as obsolete. The textbooks are then disposed of pursuant to Education Code Chapter 4, Article 1, Sections 60510-60511, which states, in part, that books may be disposed of: "…in any of the following ways: (a) By donation to a governing board, county free library, or other state institution. (b) By donation to a public agency or institution of any territory or possession of the United States, or the government of a country that formerly was a territory or possession of the United States. (c) By donation to a nonprofit charitable organization. (d) By donation to children or adults in the state of California, or foreign countries for the purpose of increasing the general literacy of the people. (e) By sale.

By approving this request, the Board will be authorizing the district to dispose of any books pursuant to Education Code Section 60510-60511.

RE: Proposal for Fencing & Playground at Esperanza West

Dear Ralph,

Thank you for the opportunity to provide this proposal for Architectural services related to new fencing and gates as well as a new playground at the Esperanza West campus at 1830 North. Kellogg Drive in Anaheim. Listed below are the Scope of Work, Architectural Services Fee, Reimbursable Budget, and Assumptions, and Exclusions for services on this project.

Scope of Work

This Proposal includes Architectural services to install new fencing and gates as required to physically separate a portion of the Esperanza West campus from the other side of campus as reflected in Exhibit 'A' | Scope of Work Diagram. Per DSA IR A-22, item A9., this scope of work requires DSA review and approval for Access (ACS), Fire Life-Safety (FLS), and Structural Safety (SS). Architectural services shall be provided for the following phases: Schematic Design (SD), Design Development (DD), Construction Documentation (CD), DSA Review (AG), Construction Administration (CA), and DSA Close-out (CO).

Architectural Services

1. Perform one (1) initial site visit to verify measurements and existing field conditions.
2. Coordinate overall requirements between the District, School Administrators, and Authorities Having Jurisdiction (Division of the State Architect, Local Fire Authority)
3. Review previous DSA approved drawings to understand the following:
    - Previous DSA approved fire access lanes.
    - Previous DSA Approved paths of travel including accessible parking.
    - Previous DSA approved safe dispersal areas.
4. Produce Construction Documents (Drawings) appropriate for compliance with current Federal, State, and Local requirements inclusive of the following:
    - Cover Sheet
    - Accessibility Site Plan that reflects accessible parking, accessible entrance to the site, and an accessible path of travel to the area of work. We assume existing accessibility features of the site are in general compliance with current code requirements.
    - Remodel Site Plan
    - Fencing & Gate Details
    - Playground Surfacing Details
5. Submit to the Authority Having Jurisdiction for plan check (Division of the State Architect) and administer the plan check process to obtain required permits for construction. Facilitate all DSA required paperwork required for plan check and project close-out.
6. Assist the District during Construction Administration by responding to RFI's, review contractor submittals and shop drawings, and review contractor pay requisitions.

Architectural Services Fee

A fixed fee of ***Thirty-Five Thousand Dollars ($35,000)*** is proposed for services noted in the Scope of Work herein. Progress billings shall occur monthly commensurate with progress as follows; SD = 15%, DD = 15%, CD = 42.5%, AG = 10%, CA = 15%, CO = 2.5%.

Reimbursable Budget

No Reimbursable Budget is requested for this project. It is assumed that no reimbursable costs will need to be incurred by the design team for this project.

Assumptions & Exclusions

The following assumptions are made in this Proposal:

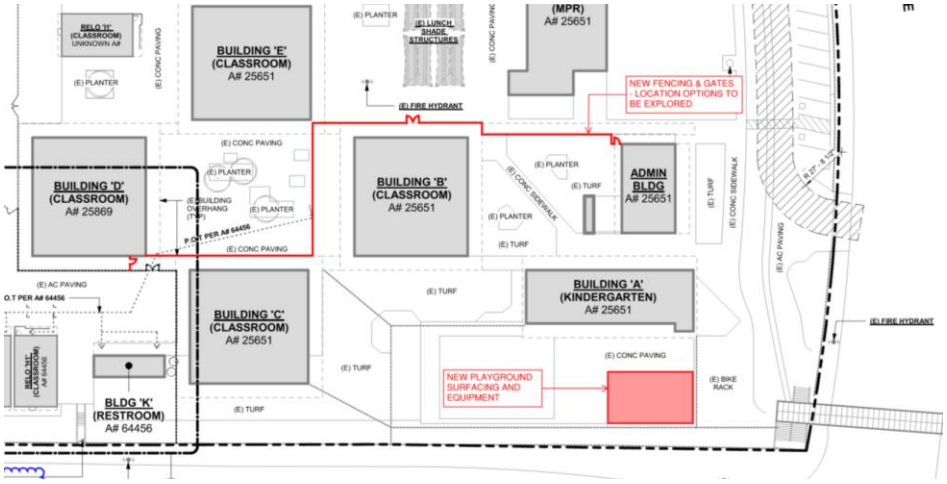

- We assume that existing accessible parking, accessible site entrance, and accessible path of travel to the area of work is generally compliant and any required upgrades are minor in cost, scope, and/or complexity. We assume that no site work will be required beyond minor signage and striping at accessible parking and path of travel areas. We assume that some existing gates may need to be replaced with new or upgraded to meet current accessibility requirements.
- We assume no existing building alterations are required.
- Closeout of any existing uncertified A#'s is excluded.
- Surveys of any kind are excluded.
- Geotechnical Engineering and/or reports are excluded.
- Construction Cost Estimating and/or effort involved with generating a hardship application are excluded.
- Any service not specifically indicated herein is excluded.

We appreciate the opportunity to propose on this project. Should the terms and conditions of this proposal be acceptable, please provide a task order agreement for review and execution.

Sincerely,

CONSTRUCTION SERVICES AGREEMENT

Bid 226-13, Transportation Department Bus Chargers

THIS AGREEMENT, entered into this 15th day of April, 2026, in the County of Orange of the State of California, by and between the **Placentia-Yorba Linda Unified School District**, hereinafter called the "Owner" or the "District", and New **Dimension General Construction, Inc.,** hereinafter called the "Contractor".

WITNESSETH that the Owner and the Contractor for the consideration stated herein agree as follows:

ARTICLE I - SCOPE OF WORK: The Contractor shall furnish all labor, materials, equipment, tools, and utility and transportation services, and perform and complete all work required in connection with Bid 226-13, Transportation Bus Chargers, in strict accordance with the Contract Documents enumerated in Article 7 below. The Contractor shall be liable to the District for any damages arising as a result of a failure to comply with that obligation, and the Contractor shall not be excused with respect to any failure to so comply by an act or omission of the Architect, Engineer, Inspector, Division of the State Architect (DSA), or representative of any of them, unless such act or omission actually prevents the Contractor from fully complying with the Contract Documents and the Contractor protests, in accordance with the Contract Documents, that the act or omission is preventing the Contractor from fully complying with the Contract Documents. Such protest shall not be effective unless reduced to writing and filed with the District office within seven (7) days of the date of occurrence of such act or omission preventing the Contractor from fully complying with the Contract Documents.

ARTICLE 2 - TIME OF COMPLETION: The Owner may give notice to proceed within ninety (90) days of the award of the bid by the Owner. Once the Contractor has received a notice to proceed, the Contractor shall reach Substantial Completion (See Article 1.1.46) of the Work as negotiated, from receipt of the Notice to Proceed. This shall be called Contract Time. (See Article 8.1.1). It is expressly understood that time is of the essence.

Contractor has thoroughly studied the Project and has satisfied itself that the time period for this Project is adequate for the timely and proper completion of the Project within the Contract time.

In the event that the Owner desires to postpone giving the notice to proceed beyond this ninety (90) day period, it is expressly understood that with reasonable notice to the Contractor, giving the notice to proceed may be postponed by the Owner. It is further expressly understood by the Contractor, that the Contractor shall not be entitled to any claim of additional compensation as a result of the Owner's postponement of giving the notice to proceed.

If the Contractor believes that a postponement will cause hardship to it, the Contractor may terminate the Contract with written notice to the Owner within ten (10) days after receipt by the Contractor of the Owner's notice of postponement. It is further understood by the Contractor that in the event that the Contractor terminates the Contract as a result of postponement by the Owner, the Owner shall only be obligated to pay the Contractor for the work performed by the Contractor at the time of notification of postponement. Should the Contractor terminate the Contract as a result of a notice of postponement, the District shall have the authority to award the Contract to the next lowest responsible bidder.

ARTICLE 3 - LIQUIDATED DAMAGES: It being impracticable and infeasible to determine the amount of actual damage, it is agreed that the Contractor will pay the Owner the sum as specified in the bid documents, per calendar day, per site, for each and every day of delay beyond the Contract Time set forth in Article 2 of this Agreement as liquidated damages and not as a penalty or forfeiture. In the event Liquidated Damages are not paid, the Contractor further agrees that the Owner may deduct such amount thereof from any money due or that may become due the Contractor under the Contract (See Article 9.6 and 2.2 of the General Conditions).

ARTICLE 4 - CONTRACT PRICE: The Owner shall pay to the Contractor as full consideration for the faithful performance of the Contract, subject to any additions or deductions as provided in the Contract Documents, the sum of THREE HUNDRED SIXTY EIGHT THOUSAND SEVEN HUNDRED DOLLARS ($368,700.00), plus allowances of FORTY THOUSAND DOLLARS ($40,000.00), if needed. Said sum being the total amount stipulated in the Bid Contractor submitted. Payment shall be made as set forth in the General Conditions.

Should any Change Order result in an increase in the Contract Price, the cost of such Change Order shall be agreed to in advance by the Contractor and the Owner, subject to the monetary limitations set forth in Public Contract Code Section 20118.4. In the event that the Contractor proceeds with a Change in work without an agreement between the Owner and Contractor regarding the cost of a Change Order, the Contractor waives any Claim of additional compensation for such additional work.

ARTICLE 5 - HOLD HARMLESS AGREEMENT: Contractor shall defend, indemnify and hold harmless Owner, Architect, Inspector, the State of California and their officers, employees, agents and independent contractors from all liabilities, claims, actions, liens, judgments, demands, damages, losses, costs or expenses of any kind arising from death, personal injury, property damage or other cause based or asserted upon any act, omission, or breach connected with or arising from the progress of Work or performance of service under this Agreement or the Contract Documents. As part of this indemnity, Contractor shall protect and defend, at its own expense, Owner, Architect, Construction Manager, Inspector, the State of California and their officers, employees, agents and independent contractors from any legal action including attorney's fees or other proceeding based upon such act, omission, breach or as otherwise required by this Article.

Furthermore, Contractor agrees to and does hereby defend, indemnify and hold harmless Owner, Architect, Construction Manager, Inspector, the State of California and their officers, employees, agents and independent contractors from every claim or demand made, and every liability, loss, damage, expense or attorney's fees of any nature whatsoever, which may be incurred by reason of:

(a) Liability for (1) death or bodily injury to persons; (2) damage or injury to, loss (including theft), or loss of use of, any property; (3) any failure or alleged failure to comply with any provision of law or the Contract Documents; or (4) any other loss, damage or expense, sustained by any person, firm or corporation or in connection with the Work called for in this Agreement or the Contract Documents, except for liability resulting from the sole or active negligence, or the willful misconduct of the Owner.

INDEPENDENT CONTRACTOR AGREEMENT WITH ENRICHMENT PROGRAMS IN COMMUNITIES (EPIC) FOR THE EXPANDED LEARNING 2026 SUMMER PROGRAM

Background

The Expanded Learning Division is committed to providing high-quality, engaging enrichment opportunities that extend student learning beyond the classroom. In support of this mission, we are seeking the Board's approval to partner with EPIC. This program offers enrichment experiences designed to build skills that support students' future career goals and overall development. Proposal for

Educational Advancements for Expanded Learning

I. Summary

II. Introduction

III. Needs/Problems

IV. Concepts

V. Goals/Objectives

VI. Procedures/Scope of Work

VII. Budget

VIII. Key Personnel

IX. Evaluation

I. Summary

- Enrichment Programs In Communities (EPIC) is experienced in providing STEM programming throughout 20 districts. The purpose of this proposal is to supplement STEM instruction over the summer throughout Placentia Yorba Linda Unified School District.

- The anticipated end result of this proposal would be to provide critical thinking and project-based learning activities specific to the needs of each student, improving STEM programming in the schools.

- Total anticipated budget is included with this proposal in addition to the allocation that will be provided by the nonprofit organization, Enrichment Programs In Communities.

II. Introduction

Enrichment Programs In Communities (EPIC) was founded to increase the educational standards for elementary students in each community focused on our future leaders, enhancing GATE-specific programming and challenging students to enhance their skills for future career goals and development. EPIC has success in teaching complicated scientific concepts while building essential critical thinking skills and creativity in students across California. EPIC now includes programs that cover career options in aerodynamics, biology, chemistry, computer science, communication, engineering, fine arts, kinesiology, language arts, leadership, medical sciences, nutrition, and robotics.

In 1998, EPIC started from a mission to find innovative ways to make learning fun while creating a unique environment to increase a student's ability to retain information and language. On this premise, fine arts, leadership, and science programs were added with the cooperation of talented artists, leaders and scientists. In 2016, EPIC gained nonprofit status as a 501(c)-3 organization in order to increase the amount of funding dedicated to communities in lower socioeconomic areas via donations and outreach programs, increasing educational opportunities across Southern California. In 2019, medical sciences were added to the STEM curriculum, which are the first to be offered throughout elementary schools in Southern California.

EPIC's mission is to fill the gap in supplemental education by providing advanced enrichment programs to K-12 students in order to impact the future of education and career advancement. Our team is experienced in creating innovative ways to provide progressive learning with research in dynamic teaching. EPIC has provided balanced programs that focus on the health of our students mentally, physically, and emotionally for over 15 years and continues to grow thanks to the support of our communities.

III. Needs/Problems

The industries of Science, Technology, Engineering, Arts, and Mathematics (STEAM) each have a wide range of jobs that require scientific and technical skills, and students are unaware of fields and opportunities within each industry. The target population would be

K-12 students, and the goal would be to provide innovative educational programs focused on career opportunities and diverse pathways within each of the STEAM sectors. EPIC has focused on STEAM educational enrichment programs for many school districts, and the need for increasing career opportunities and education on the specific and diverse jobs within STEAM is the focus of the organization. EPIC aims to educate students on possible career pathways and provoke thought on the steps needed towards career advancement opportunities within each specific sector.

- California state standards focus on common core K-12 education without specific focus on career education and opportunities. There is a need to increase awareness of career opportunities in STEAM and increase student exposure to STEAM concepts through learning opportunities both inside and outside the classroom by exposure to hands-on, career-driven learning experiences.

- Classroom time is limited and EPIC focuses on helping students build specific skill sets in mathematics, physics, and chemistry concepts that they may be interested in learning about. Students are introduced to career pathways that are linked to specific skill sets such as chemists, civil, electrical, and environmental engineers like hydrologists and geologists.

- The activities available to students in school districts across southern California do not currently include education on the processes in engineering, health care, coding, architecture, and the many other STEAM career pathways EPIC introduces to students. Further education is essential to increasing awareness of specific career opportunities in each of the STEAM sectors.

IV. Concepts

Rocket Racers (RR) Aerodynamics forces, concepts and prototype building

Rocket Racers is a class that focuses on aerodynamics to build different types of aircraft that students are able to launch. Students are taught to construct their aircraft after lessons on force, lift, balance, engine design, drag, and more.

The research design method that is utilized can be found below for the aerodynamics curriculum.

A. Ask: these questions include: What is the problem we want to solve? What do we want to design? Who is it for? What do we want to accomplish? What are the project requirements? What are the limitations? What is our goal?

B. Research: This includes talking to people from many different backgrounds and specialties to assist with researching what products or solutions already exist, or what technologies might be adaptable to your needs.

C. Imagine: You work with a team to brainstorm ideas and develop as many solutions as possible. This is the time to encourage creative ideas and defer judgment!

D. Plan: For many teams this is the hardest step! Revisit the needs, constraints and research from the earlier steps, compare your best ideas, select one solution and make a plan to move forward with it

E. Create: Building a prototype makes your ideas real! These early versions of the design solution help your team verify whether the design meets the original challenge objectives. Push yourself for creativity, imagination and excellence in design.

F. Test: Does it work? Does it solve the need? Communicate the results and get feedback. Analyze and talk about what works, what doesn't and what could be improved.

G. Improve: Discuss how you could improve your solution. Make revisions. Draw new designs. Iterate your design to make your product the best it can be.

V. Goals/Objectives

CA NGSS Standards:

- Rocket Racers is a series of ongoing lessons that will prepare young students in STEM concepts. The following CA NGSS standards are met through this curriculum:
- K-PS2-1. Plan and conduct an investigation to compare the effects of different or different directions of pushes and pulls on the motion of an object.
- K-PS2-2. Analyze data to determine if a design solution works as intended to change the speed or direction of an object with a push or a pull.
- K–2-ETS1-1. Ask questions, make observations, and gather information about a situation people want to change to define a simple problem that can be solved through the development of a new or improved object or tool.
- K–2-ETS1-2. Develop a simple sketch, drawing, or physical model to illustrate how the shape of an object helps it function as needed to solve a given problem.
- K–2-ETS1-3. Analyze data from tests of two objects designed to solve the same problem to compare the strengths and weaknesses of how each performs.
- K-LS1-1. Use observations to describe patterns of what plants and animals (including humans) need to survive.
- K-ESS2-1. Use and share observations of local weather conditions to describe patterns over time.

VI. Procedures/Scope of Work

The curriculum developers incorporate career focus into each curriculum with hands-on experiments providing relevant and career specific materials and equipment. The design of each 6 week course would provide detailed information about specific career pathways within each sector of STEAM. Each week's procedures would consist of a Question, Research, Experiment/Project, Alternative Solution, and Result/Conclusion. Introduction to careers and specific skill sets in careers would be introduced in the beginning of the curriculum. Experiments and projects would be hands-on, based on Project-based learning methods, including social-emotional learning methods.

Curriculum Design - Research and Development

H. Each project is designed with an interactive worksheet or diagrammatic fill-in worksheet in the form of a lab write up, report, or analysis.
I. Curriculum design is based on auditory, visual, and kinesthetic learning styles with various portions embedded in the curriculum for each type of learner.
J. Curriculum is differentiated to student learning-levels for best student outcomes.
K. Curriculum design is based on current research in evidence-based practice utilizing Project-Based Learning (PBL) and flipped classroom approaches.
L. The goal of each project is for students to be able to understand core concepts and teach certain aspects of the subject matter at the end of each lesson.
M. Graphic design elements help stimulate students with various learning styles and will help visual learners. Posters, hand-held visuals, and available materials would be utilized along with new materials as needed. Career pages are art pages used to introduce a variety of available career opportunities within the field.
N. Detailed supply lists, including recycled materials for upcycling purposes, are designed to be low budget. These are necessary for each lesson to introduce topics in a hands-on learning environment each lesson.
O. Measurable outcomes would be monitored through a survey type protocol at the end of each 6 week program to obtain feedback and continue improvement of each program.

INCREASE IN FUNDING FOR THE CONTRACT WITH STRATEGIC KIDS LLC FOR EXPANDED LEARNING SERVICES DURING THE 2025-26 SCHOOL YEAR

Background

The Expanded Learning Department continues to experience staffing shortages and requires support from Strategic Kids to meet the staff-to-student ratio requirements for the Expanded Learning Opportunities Program (ELO-P). Strategic Kids not only helps maintain required staffing-to-student ratios, but also enhances our elementary school sites by introducing a variety of enrichment programs, including Masters of the Field. Expanded Learning staff positions are difficult to fill statewide and even more so in Orange County. As a result, we continue to face challenges in hiring for these critical roles, which are essential to meeting ELO-P funding requirements and state mandates for after-school programming, including maintaining a 1:10 teacher-to-student ratio for TK–K and a 1:20 ratio for grades 1–6.

Due to ongoing staffing shortages, our department must continue utilizing staffing agencies to provide necessary services through June 11, 2026. The current purchase order is projected to have a remaining balance of $37,000 by April 1, 2026. An increase is requested to address continued staffing support. We will continue to work directly with Human Resources to monitor and evaluate the progress of recruitment efforts.

Original Authorized Amount:	$375,000
Requested Increase in Authorized Amount:	$ 59,000
Total Authorized Amount:	$434,000

CALIFORNIA FUTURE BUSINESS LEADERS OF AMERICA (FBLA) STATE OFFICER RETREAT FOR YORBA LINDA HIGH SCHOOL

Background

This memorandum seeks Board approval for a Yorba Linda High School student and their FBLA Adviser to attend the California FBLA Officer Retreat in Visalia, California, from May 1–2, 2026. This request follows the student's recent election as the 2026–2027 California Future Business Leaders of America (FBLA) Southern Section President, a prestigious achievement that places them in a high-ranking leadership role within the state organization. Participation in this retreat is a vital step for the incoming officer, as it provides a dedicated environment to refine leadership skills, focus on positive organizational change, and align goals and initiatives to better serve FBLA members throughout the region.

The retreat will be held at the Holiday Inn Express in Visalia, and attendance will require the student and adviser to miss one day of classroom instruction. Regarding logistics and fiscal impact, California FBLA will manage the travel arrangements and cover the majority of expenses, including accommodations and core trip costs. The student will be transported to and from the retreat by her parents, and the teacher will provide her own transportation as well. The district's financial responsibility is limited only to the cost of one day of substitute teacher coverage and any associated parking fees. Approval of this request will allow our student to successfully transition into her role as a regional leader while representing the excellence of our district's business programs.

EL DORADO HIGH SCHOOL COURSE PROPOSAL FOR SPORTS HISTORY FOR THE 2026-27 SCHOOL YEAR

Background

Next school year, El Dorado High School plans to offer a Sports History elective course in addition to the existing course offerings for students in grades 9-12. This course is designed as an A–G "G" elective and examines athletics as a lens for understanding historical, social, political, and cultural change from the 19th century to the present. Students will analyze primary and secondary sources, including speeches, court cases, media coverage, and scholarly texts, while developing historical thinking skills such as sourcing, contextualization, argumentation, and synthesis.

The course emphasizes critical reading, academic writing, and structured discussion through inquiry-based instruction. Students will engage in document-based questions (DBQs), analytical essays, research projects, and Socratic seminars that mirror introductory college-level history coursework. A culminating research-based capstone project will require students to synthesize multiple perspectives and apply course concepts to contemporary issues within sports and society.

After carefully reviewing the course packet and the teacher's and assistant principal's presentations, the PYLUSD Curriculum Council unanimously recommended this course for adoption by the Board of Education at their January 30th, 2025, meeting.

Course Title: Sports History

Executive Summary

This elective course will allow the students to explore the history, culture, and impact of sports in society. They will examine how sports have shaped and been shaped by society, culture, and global identity, while also delving into the specifics of popular American and international sports. Emphasizing critical thinking, research, and collaboration, students will be expected to complete both individual and group projects, as well as participating in discussions about the historical and social context of sports. Students will also have the opportunity to listen to guest speakers (e.g., athletes, coaches, sports journalists), as well as engaging in multiple interactive learning activities to actively contribute to the learning process to deepen their understanding of the material. A primary objective of this course is for the teacher to adopt a role of facilitator, guiding the students through the learning process rather than directly instructing them which will cultivate their sense of autonomy and to pursue topics and projects that spark their curiosity.

MIDDLE SCHOOL MATHEMATICS GAP YEAR RESOURCES FOR THE 2026-27 SCHOOL YEAR

Background

The State Board of Education adopted the new California Mathematics Framework in July of 2023, which was a delay relative to earlier published timelines. This year, we had anticipated adopting the middle school math curriculum for adoption and implementation beginning in the 2026-2027 school year. However, after piloting the materials, teachers could not reach a consensus to confidently recommend them to our Curriculum Council and Board of Education.

Therefore, Placentia-Yorba Linda Unified School District will postpone its middle school mathematics adoption to align with the K-5 curriculum adoption. Our current adopted curriculum for 6-12 is Big Ideas Math, published by Cengage Learning. We had previously secured gap resources for the 23-24, 24-25, and 25-26 school years.

Therefore, we are requesting the purchase of a fourth year of gap materials to cover the 2026-27 school year. This includes digital access to our currently adopted instructional materials for grades 6-8 mathematics.

APPROVE HIGH SCHOOL SUMMER PROGRAM PARTNERSHIP AGREEMENT WITH THE RIO HONDO COMMUNITY COLLEGE DISTRICT

Background

The Placentia-Yorba Linda Unified School District currently self-funds our summer credit recovery and grade improvement programs that are available to high school students each year since we are not able to collect attendance apportionment for this summer program.

We are seeking to enter into an agreement with the Rio Hondo Community College District that would permit us to follow a prescribed process that would lead to our summer courses, that are taught by our teachers, to be registered as courses within Rio Hondo College's non-credit program. This will allow Rio Hondo College to collect apportionment for our students' summer attendance and subsequently reimburse the district for teacher hours and some administrative costs of the program, yielding a cost savings to the District.

Financial Impact

No cost to the District

CONTRACTOR must immediately (and under no circumstances longer than three (3) calendar days) notify LEA if any such licenses, certifications or waivers are expired, suspended, revoked, rescinded, or subject to a pending administrative or legal complaint or lawsuit, or otherwise nullified during the effective period of this Master Contract. If any such licenses, certifications or waivers are expired, suspended, revoked, rescinded, or otherwise nullified during the effective period of this Master Contract, this Master Contract shall terminate as of the date of such action.

With respect to CONTRACTOR's certification, failure to notify the LEA and CDE of any changes in: (1) credentialed/licensed staff; (2) ownership; (3) management and/or control of the agency; (4) major modification or relocation of facilities; or (5) significant modification of the program, constitutes a breach of the Master Contract and may result in the termination of this Master Contract by the LEA and/or suspension or revocation of CDE certification.

Total student enrollment shall be limited to capacity as stated on CDE certification. Total class size shall be limited to capacity as stated in Section 24 of the Master Contract.

3. COMPLIANCE WITH LAWS, STATUTES, REGULATIONS

During the term of this Master Contract, CONTRACTOR shall comply with all applicable federal, state, and local statutes, laws, ordinances, rules, policies, and regulations including but not limited to the provision of special education and/or related services, facilities for individuals with exceptional needs, pupil enrollment, attendance and transfer, corporal punishment, pupil discipline, and positive behavioral interventions.

CONTRACTOR acknowledges and understands that LEA may report to the CDE any violations of the provisions of this Master Contract, and that this may result in the suspension and/or revocation of CDE nonpublic school/agency certification pursuant to California Education Code section 56366.4(a).

4. TERM OF MASTER CONTRACT

The term of this Master Contract shall be from July 1, 2025 to June 30, 2026 (Title 5 California Code of Regulations section 3062(a)) unless otherwise stated. Neither the CONTRACTOR nor the LEA is required to renew this Master Contract in subsequent contract years. The parties acknowledge that any subsequent Master Contract is to be renegotiated prior to June 30, 2026 (Title 5 California Code

of Regulations Section 3062(d)). In the event a Master Contract is not renegotiated by June 30th, the parties shall have 90 days from July 1 of the new fiscal year to consummate the contract. (Education Code Section 56366(c).) No Master Contract will be offered unless and until all of the contracting requirements have been satisfied. The offer of a Master Contract to a CONTRACTOR is at the sole discretion of the LEA. Requests for renegotiation of any rate, including but not limited to, related services for the subsequent contract year, are to be submitted in writing to Orange County Department of Education, Special Education Division, 200 Kalmus Drive, P.O. Box 9050, Costa Mesa, CA 92628-9050 prior to January 31, 2026.

5. **INTEGRATION/CONTINUANCE OF CONTRACT FOLLOWING EXPIRATION OR TERMINATION**

This Master Contract includes each Individual Services Agreement which is incorporated herein by this reference. This Master Contract supersedes any prior or contemporaneous written or oral understanding or agreement. This Master Contract may be amended only by written amendment executed by both parties.

CONTRACTOR shall provide the LEA with all information as requested in writing to secure a Master Contract or a renewal.

At a minimum, such information shall include copies of teacher credentials and clearance, insurance documentation and CDE certification. The LEA may require additional information as applicable. If the application packet is not completed and returned to the LEA, no Master Contract will be issued. If CONTRACTOR does not return the Master Contract to the LEA duly signed by an authorized representative within ninety (90) calendar days of issuance by LEA, the new contract rates will not take effect until the newly executed Master Contract is received by the LEA and will not be retroactive to the first day of the new Master Contract's effective date. If CONTRACTOR fails to execute the new Master Contract within such ninety (90) calendar day period, all payments shall cease until such time as the new Master Contract is signed. (California Education Code sections 56366(c)(1) and (2).) In the event that this Master Contract expires or terminates, CONTRACTOR and LEA shall continue to be bound to all of the terms and conditions of the most recent executed Master Contract between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized LEA students at the direction of the LEA.

6. INDIVIDUAL SERVICES AGREEMENT

This Master Contract shall include an ISA developed for each LEA student for whom CONTRACTOR is to provide special education and/or related services. An ISA shall be substantially similar in form and content to the ISA set forth in Exhibit B, attached hereto and incorporated herein by reference. An ISA shall only be issued for LEA students enrolled with the approval of the LEA pursuant to Education Code section 56366(a)(2)(A). An ISA may be effective for more than one contract year provided that there is a concurrent Master Contract in effect. In the event that this Master Contract expires or terminates, CONTRACTOR shall continue to be bound to all of the terms and conditions of the most recent executed ISAs between CONTRACTOR and LEA for so long as CONTRACTOR is servicing authorized LEA students.

Any and all changes to a LEA student's educational placement/program provided under this Master Contract and/or an ISA shall be made solely on the basis of a revision to the LEA student's IEP. At any time during the term of this Master Contract, a LEA student's parent, CONTRACTOR, or LEA may request a review of a LEA student's IEP subject to all procedural safeguards required by law.

Unless otherwise provided in this Master Contract, the CONTRACTOR shall provide all services specified in the IEP unless the CONTRACTOR and the LEA agree otherwise in the ISA (California

Education Code sections 56366(a)(5) and 3062(e)). In the event the CONTRACTOR is unable to provide a specific service at any time during the life of the ISA, the CONTRACTOR shall notify the LEA in writing within five (5) business days of the last date a service was provided.

If a parent or LEA contests the termination of an ISA by initiating a due process proceeding with the OAH, CONTRACTOR shall abide by the "stay-put" requirement of state and federal law unless the parent agrees otherwise. CONTRACTOR shall abide by the "stay-put" requirement of state and federal law when placement in an interim alternative educational setting is made by the LEA or OAH consistent with 20 U.S.C. section 1415(k)(1). CONTRACTOR shall adhere to all the LEA requirements concerning changes in placement.

Disagreements between the LEA and CONTRACTOR concerning the formulation of an ISA or the Master Contract may be appealed to the County Superintendent of Schools of the County where the LEA is located, or the State Superintendent of Public Instruction pursuant to the provisions of California Education Code section 56366(c)(2). Nothing herein shall limit LEA or CONTRACTOR from engaging in alternative dispute resolution. CONTRACTOR disagrees with the language of Education Code section 56366(c)(2), and nothing herein shall constitute a waiver by CONTRACTOR of its rights to challenge that provision.

J. The Workers' compensation coverage shall include WAIVER OF SUBROGATION endorsements which provide that the insurer or self-insurer shall waive its right of subrogation against the LEA, District's Board of Education, and its officers, directors, employees, volunteers, and agents with respect to any losses paid under the terms of the policies.

K. Unless CONTRACTOR is insured under the California Private Schools Self Insurance Group (CAPS SIG) or a similar self-insurance group, any deductibles or self-insured retentions above $100,000 must be declared to and approved by the LEA. L. For any claims related to the services provided by CONTRACTOR, the CONTRACTOR's insurance coverage shall be primary insurance as respects the LEA, its subsidiaries, officials and employees. Coverage for all liability coverage parts shall include defense and expense costs outside of the coverage limits.

M. All Certificates of Insurance shall reference the contract number, name of the school or agency submitting the certificate, and the location of the school or agency submitting the certificate on the certificate.

N. The insurance requirements required herein shall not be deemed to limit CONTRACTOR's liability relating to the performance under this Agreement. The procuring of insurance shall not be construed as a limitation on liability or as full

performance of the indemnification and harmless provisions of this Master Contract. CONTRACTOR understands and agrees that, notwithstanding any insurance, CONTRACTOR's obligation to defend, indemnify and hold harmless LEA in accordance with this Master Contract is for the full and total amount of any damage, injuries, loss, expense, costs, or liabilities caused by or in any manner connected with or attributed to the acts or omissions of CONTRACTOR, its directors, officers, agents, employees, subcontractors, guests or visitors, or the operations conducted by CONTRACTOR, or the CONTRACTOR's use, misuse, or neglect of the LEA's premises.

O. CONTRACTOR shall require that all subcontractors meet the requirements of this Section and the indemnification Section of this Agreement unless otherwise agreed in writing by the LEA.

If the LEA or CONTRACTOR determines that changes in insurance coverage obligations under this section is necessary, either party may reopen negotiations to modify the insurance obligations.

16. INDEMNIFICATION AND HOLD HARMLESS

To the fullest extent allowed by law, CONTRACTOR shall defend, indemnify and hold harmless LEA and its directors, officers, agents, employees and guests against any claim or demand arising from any actual or alleged act, error, or omission by CONTRACTOR or its directors, officers, agents, employees, volunteers or guests arising from CONTRACTOR's duties and obligations described in this Agreement or imposed by law.

To the fullest extent allowed by law, LEA shall defend, indemnify and hold harmless CONTRACTOR and its directors, officers, agents, employees and guests against any claim or demand arising from any actual or alleged act, error, or omission by LEA or its directors, officers, agents, employees, volunteers or guests arising from LEA's duties and obligations described in this Agreement or imposed by law.

17. INDEPENDENT CONTRACTOR

Nothing herein contained shall be construed to imply a joint venture, co-principal, partnership, principal-agent, employer-employee, or co-employer relationship between the LEA and CONTRACTOR. CONTRACTOR shall provide all services under this Agreement as an independent contractor, and neither party shall have the authority to bind or make any commitment on behalf of the other. Nothing contained in this Agreement shall be deemed to create any association, partnership, joint venture or relationship of principal and agent, master and servant, or employer and employee between the parties or any affiliates of the parties, or between the LEA and any individual assigned by CONTRACTOR to perform any services for the LEA.

If the LEA is determined to be a partner, joint venture, co-principal, employer or co-employer of CONTRACTOR based on any acts or omissions of CONTRACTOR, CONTRACTOR shall indemnify and hold harmless the LEA from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that determination. If CONTRACTOR is determined to be a partner, joint venture, co-principal, employer, or co-employer of the LEA based on any acts or omissions of LEA, LEA shall indemnify and hold harmless the CONTRACTOR from and against any and all claims for loss, liability, or damages arising from that determination, as well as any expenses, costs, taxes, penalties and interest charges incurred by the LEA as a result of that determination.

18. **SUBCONTRACTING**

CONTRACTOR shall provide written notification to LEA before subcontracting for special education and/or related services pursuant to this Master Contract. CONTRACTOR's written notification shall include the specific special education and/or related service to be subcontracted, including the corresponding hourly rate or fee. In the event LEA determines that it can provide the subcontracted service(s) at a lower rate, LEA may elect to provide such service(s). If LEA elects to provide such service(s), LEA shall provide written notification to CONTRACTOR within five (5) days of receipt of CONTRACTOR's original notice and CONTRACTOR shall not subcontract for said service(s).

CONTRACTOR shall incorporate all of the provisions of this Master Contract in all subcontracts unless written approval for any change is first obtained by the LEA. Furthermore, when CONTRACTOR enters into subcontracts for the provision of special education and/or related services (including but not limited to, transportation) for any LEA student, CONTRACTOR shall cause each subcontractor to procure and maintain insurance during the term of each subcontract. Such subcontractor's insurance shall comply with the provisions of Section 15. Each subcontractor shall furnish the LEA with original endorsements and certificates of insurance effecting coverage required by Section 15. The endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. LEA may request that the certificates and endorsements be completed on forms provided by the LEA. All certificates and endorsements are to be received and approved by the LEA before the subcontractor's work commences. The Commercial General Liability and Automobile Liability policies shall name the LEA and the LEA/District Board of Education, agents, employees and volunteers as additional insured. If LEA does not approve the subcontractor's insurance, the LEA shall provide CONTRACTOR notice within fifteen (15) days.

As an alternative to the LEA's forms, a subcontractor's insurer may provide complete, certified copies of all required insurance policies, including endorsements affecting the coverage required by this Master Contract. All Certificates of Insurance shall reference the LEA contract number, name of the school or agency submitting the certificate, indication if nonpublic school or nonpublic agency, and the location of the school or agency submitting the certificate. In addition, all sub-contractors must meet the requirements as contained in Section 45 (Clearance Requirements) and Section 46 (Staff Qualifications) of this Master Contract.

19. CONFLICTS OF INTEREST

CONTRACTOR shall provide to the LEA, upon request, a copy of its current bylaws and a current list of its Board of Directors (or Trustees), if it is incorporated. This can be provided via e-mail to the SELPA Director of the LEA. CONTRACTOR and any member of its Board of Directors (or Trustees) shall avoid any relationship with the LEA that constitutes or may constitute a conflict of interest pursuant to California Education Code section 56042, Government Code section 1090 et seq., including, but not limited to, employment with LEA, provision of private party assessments and/or reports, and attendance at IEP team meetings acting as a student's advocate. Pursuant to California Education Code section 56042, an attorney or advocate for a parent of an individual with exceptional needs shall not recommend placement at CONTRACTOR's facility if the attorney or advocate is employed or contracted by the CONTRACTOR, or will receive a benefit from the CONTRACTOR, or otherwise has a conflict of interest.

Unless CONTRACTOR and the LEA otherwise agree in writing, the LEA shall neither execute an ISA with CONTRACTOR nor amend an existing ISA for a LEA student when a recommendation for special education and/or related services is based in whole or in part on assessment(s) or reports provided by CONTRACTOR to the LEA student without prior written authorization by LEA. This paragraph shall apply to CONTRACTOR regardless of when an assessment is performed or a report

is prepared (i.e., before or after the LEA student is enrolled in CONTRACTOR's school/agency) or whether an assessment of the LEA student is performed or a report is prepared in the normal course of the services provided to the LEA student by CONTRACTOR. To avoid a conflict of interest, and in order to ensure the appropriateness of an Independent Educational Evaluation (hereinafter referred to as "IEE") and its recommendations, the LEA may, in its discretion, not fund an IEE by an evaluator who provides ongoing service(s) or is sought to provide service(s) to the student for whom the IEE is requested. Likewise, the LEA may, in its discretion, not fund services through the evaluator whose IEE the District agrees to fund. When no other appropriate assessor is available, the LEA may request and if CONTRACTOR agrees, the CONTRACTOR may provide an IEE.

CONTRACTOR shall not admit a student living within the jurisdictional boundaries of the LEA on a private pay or tuition free "scholarship" basis and concurrently or subsequently advise/request parent(s) to pursue funding for the admitted school year from the LEA through due process proceedings.

20. NON-DISCRIMINATION

CONTRACTOR shall not, in employment or operation of its programs, unlawfully discriminate on the basis of race, ethnicity, color, religion, sex, gender, pregnancy, gender identity, sexual orientation, national origin, immigration status, age, disability, or any other classification protected by federal or state law.

EDUCATIONAL PROGRAM

21. FREE AND APPROPRIATE PUBLIC EDUCATION

LEA shall provide CONTRACTOR with a copy of the IEP including the Individualized Transition Plan (hereinafter referred to as "ITP") of each LEA student served by CONTRACTOR. CONTRACTOR shall provide to each LEA student special education and/or related services (including transition services) within the nonpublic school or nonpublic agency consistent with the LEA student's IEP and as specified in the ISA. If CONTRACTOR is a nonpublic school, CONTRACTOR shall not accept a LEA student if it cannot provide or ensure the provision of the services outlined in the student's IEP.

Unless otherwise agreed to between CONTRACTOR and LEA, CONTRACTOR shall be responsible for the provision of all appropriate supplies, equipment, and/or facilities for LEA students, as specified in the LEA student's IEP and ISA. If an IEP team determines that a LEA student requires an assistive technology device based on an assessment, or requires low incidence equipment for eligible students with low incidence disabilities, LEA shall provide such assistive technology device or low incidence equipment when specified in the student's IEP and ISA, and if necessary, provide training on the use of the device/equipment. Such device/equipment remains the property of the LEA and shall be returned to the LEA when the IEP team determines the device/equipment is no longer needed or when the student is no longer enrolled in the nonpublic school.

CONTRACTOR shall make no charge of any kind to parents for special education and/or related services as specified in the LEA student's IEP and ISA (including, but not limited to, screenings, assessments, or interviews that occur prior to or as a condition of the LEA student's enrollment under the terms of this Master Contract). CONTRACTOR may charge a LEA student's parent(s) for services and/or activities not necessary for the LEA student to receive a free appropriate public education after: (a) verification that any such charge or fee is not a "pupil fee" under Education Code section 49010 et. seq.; (b) written notification to the LEA student's parent(s) of the cost and voluntary nature of the services and/or activities; and (c) receipt by the LEA of the written notification and a written acknowledgment signed by the LEA student's parent(s) of the cost and

voluntary nature of the services and/or activities. CONTRACTOR shall adhere to all LEA guidelines as well as all California state laws, regulations and guidelines prohibiting pupil fees, deposits or other charges.

Voluntary services and/or activities not necessary for the LEA student to receive a free appropriate public education shall not interfere with the LEA student's receipt of special education and/or related services as specified in the LEA student's IEP and ISA unless the LEA, CONTRACTOR and parent agree otherwise in writing.

22. GENERAL PROGRAM OF INSTRUCTION

All nonpublic school and nonpublic agency services shall be provided consistent with the area of certification specified by CDE Certification and as defined in California Education Code section 56366 et seq. and shall ensure that facilities are adequate to provide LEA students with an environment, which meets all pertinent health and safety regulations.

NONPUBLIC AGENCY STUDENT ABSENCE

If CONTRACTOR is a nonpublic agency, it shall notify LEA of the absence of a LEA student no later than the fifth consecutive service day of the student's absence. The LEA shall not be responsible for the payment of services when a student is absent.

62. LEA AND/OR NONPUBLIC SCHOOL CLOSURE DUE TO EMERGENCY

The following shall apply in the event of a LEA or NPS school closure due to an emergency consistent with guidelines followed by the LEA in accordance with Education Code section 41422 and 46392:

a. If CONTRACTOR remains open during an emergency and serves students appropriately as delineated in the ISA, CONTRACTOR shall receive payment, regardless of whether the LEA is open or closed.

b. In the event of a NPS School Closure for the reasons set forth in Education Code section 41422, if the LEA is able to obtain alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance due to CONTRACTOR'S school closure. If the LEA is unable to obtain an alternative placement, CONTRACTOR shall receive payment consistent with the student's approved ISA, as though the student were continuing their regular attendance, until an alternative placement can be found and implement LEA student IEPs in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions.

c. In the event of the LEA and NPS School Closures, on days the LEA is funded, CONTRACTOR shall receive payment consistent with the student's approved ISA, until an alternative placement can be found and implement LEA student IEPs in accordance with Education Code section 56345(a)(9) pertaining to emergency conditions. If the LEA is able to obtain an alternative placement for the student, CONTRACTOR shall not receive payment for days the student is not in attendance with CONTACTOR due to CONTRACTOR'S school closure.

If instruction or services, or both, cannot be provided to the student either at school or in person for more than 10 days due to an emergency condition described in Education Code sections 41422 and 46392, CONTRACTOR acknowledges the requirements of Education Code section 56345(a)(9) to provide special education and related services, supplementary aids and services, transition services (as applicable) and ESY (as applicable) as specified in the IEP. When the emergency school closure has ended, CONTRACTOR shall notify the LEA of any lost instructional minutes. CONTRACTOR and LEA shall work collaboratively to determine the need for make-up days or service changes, and shall work together to amend the student's IEP and ISA as appropriate.

For any physical school closure in which in-person instruction is restricted by order of the State or local agency, CONTRACTOR shall provide instruction in accordance with Education Code section 56345(a)(9) and Exhibit D, attached hereto and incorporated herein.

63. INSPECTION AND AUDIT

The CONTRACTOR shall maintain and the LEA shall have the right to examine and audit all of the books, records, documents, accounting procedures and practices and other evidence that reflect all costs claimed to have been incurred or fees claimed to have been earned under this Agreement.

CONTRACTOR shall provide the LEA access to all records including, but not limited to: student records as defined by California Education Code section 49061(b); registers and rollbooks of teachers; daily service logs and notes or other documents used to record the provision of related services; Medi-Cal/daily service logs and notes used to record provision of services provided by instructional assistants, behavior intervention aides, bus aides, and supervisors; absence verification records (parent/doctor notes, telephone logs, and related documents); bus rosters; staff lists specifying credentials held, business licenses held, documents evidencing other qualifications, social security numbers (last four digits unless otherwise required), dates of hire, and dates of termination; staff time sheets; non-paid staff and volunteer sign-in sheets; transportation and other related service subcontracts; school calendars; bell/class schedules when applicable; liability and worker's compensation insurance policies; state nonpublic school and/or agency certifications; by-laws; lists of current board of directors/trustees, if incorporated; other documents evidencing financial expenditures; federal/state payroll quarterly reports Form 941/DE3DP; and bank statements and canceled checks or facsimile thereof. Such access shall include unannounced inspections by the LEA. CONTRACTOR shall make available to the LEA all budgetary information including operating budgets submitted by CONTRACTOR to the LEA for the relevant contract period being audited.

CONTRACTOR shall make all records available at the office of the LEA or CONTRACTOR's offices at all reasonable times and without charge. All records shall be provided to the LEA within five (5) working days of a written request from the LEA. CONTRACTOR shall, at no cost to the LEA, provide reasonable assistance for such examination or audit. The LEA's rights under this section shall also include access to CONTRACTOR's offices for purposes of interviewing CONTRACTOR's employees. If any document or evidence is stored in an electronic form, a hard copy shall be made available to the LEA, unless the LEA agrees to the use of the electronic format.

CONTRACTOR shall obtain from its subcontractors and suppliers written agreements to the requirements of this section and shall provide a copy of such agreements to the LEA upon request by the LEA.

If an inspection, review, or audit by the LEA, a state agency, a federal agency, and/or an independent agency/firm determines that CONTRACTOR owes the LEA monies as a result of CONTRACTOR's over billing or failure to perform, in whole or in part, any of its obligations under this Master Contract, the LEA shall provide to CONTRACTOR written notice demanding payment from CONTRACTOR and specifying the basis or bases for such demand. Unless CONTRACTOR and the LEA otherwise agree in writing, CONTRACTOR shall pay to the LEA the full amount owed as result of CONTRACTOR's over billing and/or failure to perform, in whole or in part, any of its obligations under this Master Contract, as determined by an inspection, review, or audit by the LEA, a state agency, a federal agency, and/or an independent agency/firm. CONTRACTOR shall make such payment to the LEA within thirty (30) days of receipt of the LEA's written notice demanding payment.

64. RATE SCHEDULE

The rate schedule attached hereto as Exhibit A and incorporated herein by reference, limits the number of LEA students that may be enrolled and the maximum dollar amount of the contract. It may also limit the maximum number of students that can be provided specific services. Per Diem rates for LEA students whose IEPs authorize less than a full instructional day may be adjusted proportionally. In such cases only, the adjustments in basic education rate shall be based on the required minimum number of minutes per grade level as set forth in Paragraph 23 above and Education Code section 46000 et seq.

Special education and/or related services offered by CONTRACTOR shall be provided by qualified personnel as per State and Federal law, and the codes and charges for such educational and/or related services during the term of this Master Contract, shall be as stated in Exhibit A.

65. DEBARMENT CERTIFICATION

By signing this Agreement, CONTRACTOR certifies that:

(a) CONTRACTOR and any of its shareholders, partners, or executive officers are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency, and

(b) Has/have not, within a three-year period preceding this contract, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses.

The parties hereto have executed this Master Contract by and through their duly authorized agents or representatives. This Master Contract is effective on the 1st day of July 2025 and terminates at 5:00 P.M. on June 30, 2026, unless sooner terminated as provide herein.

RATIFY MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN WHITTIER AREA COOPERATIVE SPECIAL EDUCATION PROGRAM IN THE WHITTIER CITY SCHOOL DISTRICT AND PLACENTIA-YORBA LINDA UNIFIED SCHOOL DISTRICT

Background

Pursuant to the authority established in Education Code Section 56195, designated districts may operate regionalized and specialized programs to provide special education programs and services to individuals with exceptional needs requiring intensive educational services. In this case, Whittier City School District operates a regional deaf and hard-of-hearing program and a level of service to students who require more intensive support than our school district is able to provide.

This MOU will be effective from March 30, 2026, to June 30, 2026.

Financial Impact

Entitlement costs are based on the average daily attendance of pupils in the LEAs in the NEOC SELPA to be billed back later.

Administrator

Renee Gray, Assistant Superintendent, Student Support Services
Jayme Nash, Director, Special Education

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding ("Agreement") between the Whittier Area Cooperative Special Education Program ("WACSEP") and the Placentia-Yorba Linda Unified School District ("District") takes effect March 30, 2026.

BACKGROUND

Pursuant to the authority established in Education Code sections 56195, 56195.1, 56195.3, and 56195.5, WACSEP may provide for the education of individual students in special education programs who reside in other Special Educational Local Plan Areas ("SELPA"), districts, or counties. WACSEP operates programs for Deaf and Hard of Hearing ("DHH") students who qualify as individuals with exceptional needs requiring intensive educational services under the Individuals with Disabilities Education Act ("IDEA"). The District has, or may have, students that it feels could be served by WACSEP and is seeking placement for those students. The parties therefore agree as follows:

AGREEMENT

1. Definitions

A. "WACSEP" is the Whittier Area Cooperative Special Education Program. WACSEP is a SELPA consisting of seven area school districts: East Whittier City School District, El Rancho Unified School District, Little Lake City School District, Los Nietos School District, South Whittier School District, Whittier City School District, and Whittier Union High School District.

B. "DHH Program" refers collectively to the Auditory Oral Program, which is defined below.

C. "Host District" means the WACSEP member school district that is housing the DHH Program on behalf of the SELPA.

E. "Auditory Oral Program" means classes and services operated by WACSEP for Deaf and Hard of Hearing students who are learning through oral and written communication using oral speech, speech reading, residual hearing, auditory devices, and cochlear implants. The Host District for the Auditory Oral Program is Whittier City School District.

2. Term of Agreement

The term of this Agreement begins on March 30, 2026, and ends at 5:00 p.m. on

June 30, 2026. However, this Agreement may be terminated immediately, with or without cause, by either party with written notice. Upon notice of termination, the District must find a new placement for any students in the DHH Program within thirty days.

3. DHH Program

A. Scope of Program

WACSEP operates its DHH Program for its member districts but it may accept eligible students from the District referred by their Individualized Education Program ("IEP") teams when it is jointly determined by the District and WACSEP that the student's educational needs as specified in the student's IEP can be appropriately met by the DHH Program.

WACSEP will maintain the DHH Program during the current academic year in accordance with the parameters established by its Local Plan and the member school district's board policies and schedule. Class size ranges and student-adult ratios will be maintained in a manner which allows WACSEP to meet the programmatic, health and safety needs of the students.

B. Referral Process

Prior to offering placement in the DHH Program, the District must contact the WACSEP Program Specialist that oversees the DHH Program to discuss a possible referral and the appropriateness of the DHH Program. If the referral seems appropriate, the District must obtain from the student's parents an authorization to release information to WACSEP and submit a DHH Program Referral Packet to the WACSEP Program Specialist as well as schedule a visitation with the parent. DHH Referral Packets are available from the WACSEP DHH Program Specialist.

Upon review of the referral packet and site visit by parent, the WACSEP Program Specialist and District representative will coordinate an IEP team meeting for purposes of discussing possible placement in the DHH Program.

WACSEP reserves the right to refuse enrollment of any referral with or without cause.

C. School Calendar and Extended School Year

The DHH Program's school calendar, including Extended School Year, will follow that of the Host District.

D. Integration/Mainstreaming Opportunities

The Host District where the DHH Program is located may provide opportunities for students enrolled in the DHH Program to integrate with nondisabled typical peers during the school day. These opportunities are typically in non-core curriculum areas such as physical education, art, music, assemblies, recess, and lunch. Some students enrolled in the DHH Program will participate in core curriculum activities for a portion of the school day in a program operated by the Host District, however, such students are supervised by DHH Program staff during such activities.

E. Assessments

WACSEP and the District will coordinate and collaborate in conducting assessments for students participating in the DHH Program. In the event DHH Program staff is not available to conduct a requested assessment, WACSEP will notify the District or District's SELPA who will be responsible for conducting the assessment(s). The District is ultimately responsible for conducting all assessments.

F. Request for Independent Educational Evaluations

In the event a request is made for an independent educational evaluation ("IEE"), WACSEP will immediately forward such request to the District and the District, in collaboration with WACSEP, will determine how to respond to the request for an IEE. If the District receives a request for assessment or IEE for a student referred to or enrolled in the DHH program, the District will immediately notify WACSEP of the request and collaborate with WACSEP as to how to respond. WACSEP or the District may also schedule an IEP team meeting to further discuss the requested IEE or assessment, however, the party scheduling the IEP will notify the other party so it may send a representative if it so chooses.

G. Annual and Triennial IEP Meetings

i. Meeting Notification and Attendance

The District will be notified of annual reviews scheduled for its students participating in the DHH Program and may provide a representative who will participate in the development of the annual IEP. For initial placement, triennial review, recommendations for home instruction, or a change in eligibility or services specified on the current IEP, a District representative who is authorized by the District's Director of Special Education to approve or disapprove the allocation of specified District resources necessary for the implementation of the student's IEP must attend the IEP team meeting.

ii. General Education Teacher Attendance

For students enrolled in the DHH Program who are participating in a general education program on the school site in the school district where the DHH Program is located, WACSEP will work with the Host District to provide a general education teacher at IEP team meetings. In the event the Host District is unable to provide a general education teacher for the IEP team meeting, the District agrees to provide a general education teacher unless otherwise waived in writing by the student's parent in accordance with the IDEA and state law.

For all other students enrolled in the DHH Program, the District agrees to provide a general education teacher at IEP team meetings, unless otherwise waived in writing by student's parent in accordance with the IDEA and state law. Subject to approval by the student's parents, the general education teacher or other IEP team participants may use alternative means of meeting participation, such as video conferences and conference calls.

iii. Progress Reports

Progress reports relating to goals and objectives in a student's IEP will be sent by the DHH Program to parents per the student's IEP schedule for progress reporting and to the Director of Special Education of the District upon request. When requested by District or parent, an updated progress report will be provided if there is no current progress report.

H. Transportation

The District must provide transportation for its students participating in the DHH Program unless otherwise agreed upon between the District and WACSEP. District must ensure that vehicles arrive at the school site with sufficient time to unload students prior to the beginning of the instructional day and to load them at the end of the instructional day. Delays requiring either overtime supervision or causing portions of the instructional program to be missed and subsequently made up may result in charges to the District for additional costs incurred by WACSEP related to such delays.

I. Home Instruction

When a student is absent from school for more than ten consecutive school days as a result of a medical condition and is expected to have an extended health related absence, the student's IEP team will review the IEP and determine appropriate educational services. A District representative who is authorized by the District's Director of Special Education to approve or disapprove the allocation of specified District resources necessary for the implementation of the student's IEP must participate in the

IEP team meeting when considering a placement for home or hospital instruction.

When recommending placement for home or hospital instruction, the IEP team will consider documentation from the student's treating physician indicating the student's condition, verifying that the condition prevents the student from attending school and providing a projected date for the student's return to school. Any in-home instruction, including other related services, must be provided by the District or as otherwise agreed to by WACSEP and the District.

In the event the student is hospitalized in a facility located outside of the District, it is the District's responsibility to inform the parent that instruction will be provided in accordance with Education Code sections 48207 and 48208. In either circumstance, it may be necessary to exit the student from the DHH Program in order for the District to provide the necessary in-home instruction or for the student to receive hospital instruction. In the event WACSEP and the District agree that WACSEP will provide in-home or hospital instruction to the student, WACSEP will separately bill the District for such services.

4. Billing for DHH Program

A. Student Enrollment

A student will be counted as "enrolled" in the DHH Program on the first day of attendance in the program or 14 days after the IEP team has met and an approved IEP that has been executed for the student's educational placement in the DHH Program, whichever occurs sooner.

Students continuing in the DHH Program from the previous school year will be counted as "enrolled" on the first school day unless written notification of withdrawal is received from either the parent or the District. If a continuing student has not attended school by the tenth day of school, WACSEP will notify the District and a determination will be made regarding continuing enrollment.

In the event either WACSEP or the District are informed that a student has been withdrawn by the parent from the DHH Program, each agency must immediately notify the other of such withdrawal. Any student withdrawn by the parent from the DHH Program will no longer be counted as "enrolled" or considered a continuing student for the following school year.

B. Costs, Individual Services Agreements, and Billing Schedule

i. Costs

In consideration of the enrollment of students in the DHH program operated by WACSEP and housed by the Host District, the District agrees to pay the daily rate for each student, plus the costs for any non-embedded related services (outlined below) the student receives, which is based on the average costs which are attached to this Agreement as "Appendices A.". Notwithstanding any other provisions in this Agreement, the parties agree that as part of the billing arrangement, the Host District will collect the Average Daily Attendance ("ADA") rate for the student.

ii. Individual Services Agreement

In addition, the District must sign an Individual Services Agreement ("ISA"), for each student enrolled in the DHH Program which will outline the services the student is to receive. Execution of the ISA is required before a student can be enrolled in the DHH Program. The ISA is attached to this Agreement as "Appendices B." However, the student's IEP will be the controlling document in determining what services will be provided and any changes to the ISA must be made solely on the basis of a revision to the student's IEP.

An ISA may be terminated by either party, with or without cause, with 30 days written notice. If an ISA is terminated, the District must find an alternate placement for its student. And in the event of conflicting terms, the terms of this Agreement supersede those of an ISA.

iii. Billing Schedule

The District will be billed for each student for every day the student is enrolled in program. WACSEP will provide a billing invoice to the District. Payment will be due within 60 days of receipt of the billing invoice.

iv. Related Services

The following related services are provided by WACSEP as part of its DHH Program: Speech-language pathology services (not to exceed one hour per week per student), audiological services (not to exceed one hour per week per student), aural habilitation (not to exceed one hour per week per student), and sign language interpreting.

The following additional related services may be available by WACSEP, but will be billed separately: Speech-language pathology services that exceed one hour per week, audiological services that exceed one hour per week, aural habilitation services that exceed one hour per week, intensive individual services (one-to-one aides), physical therapy, occupational therapy, counseling and guidance.

Any other related services necessary for the student to benefit from the DHH Program must be provided by District or as otherwise agreed to by WACSEP and District, including translator services at IEP team meetings or translation of documents.

5. Miscellaneous Provisions

A. Responsibility of School District of Residence

Notwithstanding any other provision of this Agreement, the parties acknowledge that the District, as the student's district of residence, maintains primary responsibility as the local education agency ("LEA") to ensure the student receives a free appropriate public education ("FAPE") in the least restrictive environment ("LRE"). In the event a student participating in the DHH Program moves out of the District, the District must immediately provide WACSEP written notice of the student's change in residence, including the new school district of residence, if known. Similarly, WACSEP will immediately notify District in the event a parent reports a change in residence, including the new school district of residence, if known.

B. Due Process and Complaints

WACSEP and District agree to collaborate and fully cooperate in any due process proceeding involving a student currently attending or formerly enrolled in the DHH Program, including resolution sessions, mediations, and hearings, as well as coordinating witness availability and producing documents regarding the student.

In the event WACSEP or the Host District is named as the sole LEA in a due process complaint, WACSEP and the District agree that the District, as the student's school district of residence, is a necessary party to the due process proceedings.

WACSEP, the Host District, and the District must also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office for Civil Rights, or any other state or federal governmental body or agency.

C. Notices

All notices to be given pursuant to this Agreement, by either party to the other, must be in writing and: (a) delivered in person; (b) deposited in the United States Mail duly certified or registered, return receipt requested with postage prepaid; or (c) sent by Federal Express or other similar overnight delivery service. Notice is deemed to have been duly given and received upon: (a) personal delivery; (b) as of the third business day after deposit in the United States Mail; or (c) the immediately succeeding business day after deposit with an overnight delivery service.

D. No Waiver

The failure of WACSEP in any one or more instances to insist upon strict performance of any of the terms of this Agreement or to exercise any option contained in this Agreement must not be construed as a waiver or relinquishment to any extent of the right to assert or rely upon such terms or option on any future occasion.

E. Indemnifications

i. General Indemnification

To the fullest extent permitted by law, and except for the acts or omissions of employees, agents and officers of the District, WACSEP agrees to hold harmless, indemnify and defend the District and its governing board, officers, agents, and employees from all claims, demands, liabilities, losses, damages, or expenses of any nature whatsoever arising from or connected with WACSEP's performance of services during the term of this Agreement.

Section 1983, the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973.

H. Severability

AGREEMENT WITH ORANGE COUNTY (OC) DISTRICT ATTORNEY'S OFFICE GANG REDUCTION INTERVENTION PARTNERSHIP (GRIP)

Background

Orange County GRIP (Gang Reduction Intervention Partnership) is a collaborative initiative that prevents youth gang involvement through partnerships with the Orange County District Attorney's Office, schools, local law enforcement, and community organizations. The program provides at-promise students with mentorship, educational resources, and after-school programs to support positive behavior and academic success. GRIP focuses on early intervention, working with schools to identify students vulnerable to gang influence and offering targeted support for both students and families, addressing key risk factors such as truancy, family instability, and lack of resources.

PYLUSD is committed to continuing its partnership with OC GRIP at Melrose, Ruby, Rio Vista, and Topaz, where the program is already in place. This collaboration aligns with the district's ongoing efforts to support students, families, and the community by promoting school safety and student success.

This agreement will be effective July 1, 2026, through June 30, 2027.

AGREEMENT WITH INTERQUEST DETECTION CANINES

Background

Interquest Detection Canines is the nation's oldest and largest provider of contraband detection and drug dog services, proudly celebrating over 40 years of service since its founding in 1979. Their highly trained canines are selected based on rigorous industry standards and receive ongoing training in real-world environments to ensure accuracy and effectiveness. As a proactive school safety measure, Interquest provides critical support in deterring and preventing the presence of drugs and contraband on campus. Their detection dogs are trained to identify items of concern commonly found in school settings, including illicit drugs, alcohol, gunpowder-based materials, and certain medications.

Through this partnership, each PYLUSD comprehensive high school will receive eight visits during the 2026–27 school year. These visits not only support a safe and secure learning environment but also provide valuable insight into potential trends across campuses. The findings from these visits help inform decision-making and allow for strategic allocation of resources to areas of greatest need, further strengthening our commitment to student and campus safety.

(the District)

This shall serve as an agreement by and between Interquest Detection Canines™ and the DISTRICT for substance awareness and detection services for the fiscal year of July 1, 2026 through June 30, 2027.

It is understood that the DISTRICT has established and communicated a policy clearly defining contraband as all drugs of abuse (in the broadest terms), alcoholic beverages, firearms and ammunition, prescription and over-the-counter medication, and that this policy has been disseminated to all campus locations. Violations are considered inimical to the welfare of students and contrary to the DISTRICT'S desire to foster an atmosphere conducive to safety and education.

INTERQUEST shall provide contraband inspection services utilizing non-aggressive contraband detection canines. Such inspections will be conducted unannounced to district personnel on a random basis. Visits will be conducted with INTERQUEST acting as an agent of the DISTRICT while conducting such inspections. Special request visits (proms, bus trips, etc) can be scheduled in advance when necessary, but DISTRICT will be responsible for payments for any scheduled visits not cancelled 72 hours prior to the requested date. Communal areas, lockers, gym areas, parking lots (automobiles), grounds, and other select areas as directed by DISTRICT officials, shall be subject to inspection. Contraband detected on DISTRICT property is the responsibility of the DISTRICT.

INTERQUEST policy precludes the use of detection canines to "sniff" individuals under any circumstances.

INTERQUEST agrees to provide 16 FULL-day_ visits at $660/ visit for the contract period. The DISTRICT may increase or decrease the total number of visits by notifying INTERQUEST in writing. Multiple canine teams will be charged on a per team basis. INTERQUEST will invoice for service on a monthly basis at the conclusion of the service month. The DISTRICT agrees to pay for services within thirty (30) days of receipt of such invoice. Required court testimony will be charged at the same daily rate.

INTERQUEST will provide DISTRICT visits in conjunction with days designated as appropriate for utilizing the DISTRICT'S attached calendar. DISTRICT will provide a school calendar with inappropriate dates for service marked through. This calendar will serve as an addendum to the Agreement. All other dates will be considered acceptable for visits. DISTRICT will be responsible for payment for any visit made on any day other than those days noted as unacceptable on the attached school calendar.

APPROVE THE CHANGES TO THE CERTIFICATED MANAGEMENT SALARY SCHEDULE

Background
The Placentia-Yorba Linda Unified School District (PYLUSD) continuously reviews its salary schedules for accuracy. We work closely with the California State Teachers Retirement System (CalSTRS) and the California Public Employees Retirement System (CalPERS) to stay in compliance with the format that is acceptable to both retirement systems.

With the recent addition of the Deputy Superintendent position, it was necessary to add the salary steps for the new position. The retirement systems require the Board of Education to approve all changes to the salary schedules before they are posted for public view.

REVISED BOARD POLICY 6171.5: INDIVIDUALIZED EDUCATION PROGRAM (IEP), SECOND READING

Background

Board Policy 6171.5, Individualized Education Program (IEP), was originally adopted in 2003 and is now outdated. Since its adoption, state and federal laws, including the reauthorization and ongoing implementation of the Individuals with Disabilities Education Act (IDEA), have strengthened requirements related to Free Appropriate Public Education (FAPE), Least Restrictive Environment (LRE), procedural safeguards, parental rights, and SELPA governance.

The proposed revisions update the policy to ensure alignment with current federal and state legal requirements, California Education Code, and applicable Board regulations. Language has been modernized to reflect inclusive practices and current legal terminology, reinforcing the Board's commitment to educating students with disabilities in respectful, supportive environments with meaningful access to the general education curriculum.

The revised policy affirms the District's responsibility to provide specially designed instruction and related services through the IEP process and procedural protections, and to promote educational placements that prioritize access to general education settings to the maximum extent appropriate.

These updates do not change the original intent of the policy but ensure that it reflects current law, best practices, and the District's continued commitment to equitable access, compliance, and positive student outcomes.

BOARD POLICY
Placentia-Yorba Linda Unified School District

Instruction 6171.5-BP

INDIVIDUALIZED EDUCATION PROGRAM

~~The Governing Board desires to provide educational programs that enable students with disabilities to reach their full academic potential and that will provide these students with the opportunity to interact with students without disabilities in an understanding, cooperative and mutually respectful environment.~~
The Placentia-Yorba Linda Unified School District Board of Education is committed to providing a continuum of educational programs that enable students identified as individuals with exceptional needs, ages 3 through 21, residing within the district who require special education and related services to receive a free appropriate public education (FAPE) in the least restrictive environment consistent with state and federal law.

~~To reach this goal, the board provides a full range of educational alternatives to facilitate the placement of a student in the least restrictive environment that meets their individual needs.~~
This policy and accompanying administrative regulation shall be implemented in accordance with applicable state and federal law and consistent with the policies and procedures of the Special Education Local Plan Area (SELPA) in which the district participates. In the event of any conflict, the district shall comply with applicable law and the approved SELPA Local Plan.

~~A student shall be placed outside of the general education classroom only when the student's specific needs cannot be met in that setting.~~
To implement this continuum, the district shall provide a full range of placement options designed to meet students' individual needs in the least restrictive environment. A student shall be removed from the general education setting only when the student's specific needs cannot be met satisfactorily in that setting, even with the provision of supplementary aids and services.

~~When a student is identified as having a disability, an individualized education program (IEP) team appointed pursuant to federal and state regulations and established district procedures shall meet and consider the student's individual needs, determine the content of an individualized education program (IEP) and make placement decisions.~~

Students and parents/guardians ~~shall have~~ have the right to participate in ~~the development of the IEP~~ developing the Individualized Education Program (IEP).

~~Moreover, students and parents/guardians shall have the right to approve the student's placement in a special education program, and written parent consent shall be obtained before any such placement is made unless a due process hearing officer authorizes the placement.~~
Written parental consent shall be obtained prior to the initial provision of special education and related services, except as otherwise authorized by a due process hearing decision or applicable law.

~~When considering placement in a special education program the IEP team shall consider the educational and nonacademic benefits of placing the student in a regular class and shall determine what support services would be needed in order to maintain this placement. All placement decisions should promote maximum social interaction between students with disabilities and their non-disabled peers, in a manner that is appropriate to the needs of each.~~

~~Each IEP shall be consistent with the curriculum and course of study pursued in the general education program. Students with disabilities should also receive instruction that fosters their independence and integration into the community.~~
Individuals with exceptional needs shall receive instruction designed to promote ~~access to specially designed instruction and related services to promote meaningful access to and progress in the general education curriculum, and to foster independence, self-advocacy, and meaningful integration into the community.~~ meaningful access to and progress in the general education curriculum, and to foster independence, self-advocacy, and meaningful integration into the community, preparation for further education, employment, and independent living.

~~Each IEP shall be reviewed at least on an annual basis. Additionally, a parent, regular or special education teacher may request a review of the assignment of a student with a disability to his/her class in accordance with procedures set forth in district procedures. Upon request the IEP team shall meet and consider if a change is necessary in the student's placement, instruction and/or related services.~~

The Superintendent or designee shall develop and maintain administrative regulations governing the composition of the IEP team, the team's responsibilities, the required contents of the IEP, and the processes for development, review, and revision of the IEP in accordance with state and federal law.

REVISE BOARD POLICY 5114.2: SUSPENSION AND EXPULSION DUE PROCESS, FIRST READING.

Background
The purpose of this memo is to bring forward for First Reading an updated Board Policy 5114.2 Suspension and Expulsion Due Process, which will consolidate and modernize three existing policies: Board Policy 5114 Due Process, Board Policy 5114.2 Suspension, and Board Policy 5114.3 Expulsion. These policies were adopted under earlier versions of California law and no longer fully reflect current statutory requirements. The proposed revision aligns PYLUSD policy with updates to the California Education Code that govern grounds for suspension and expulsion, requirements for alternative means of correction, procedural due process protections, and governing board authority.

This update ensures legal compliance while providing clearer, more consistent guidance for administrators and families. By consolidating the policies into a single, streamlined framework, the district reduces redundancy, improves transparency, and reinforces equitable discipline practices aligned with state law and best practices. The revised policy supports the use of alternative interventions when appropriate, clearly outlines student and parent rights, and promotes consistent implementation across school sites. Adoption of this update will enhance clarity in disciplinary procedures and reflect the district's continued commitment to fairness and student-centered practices.

~~PUPIL SUSPENSION~~ SUSPENSION AND EXPULSION DUE PROCESS

~~It is the goal of the Board of Education to provide a school learning environment conducive to providing the highest quality education for all students. In instances where the conduct of a student is such as to interfere with his/her own education or with that of other students, efforts shall be made by school staff to develop appropriate school behavior. These efforts should involve a progressive discipline process using student and parent conferences, detention, student study team interventions and/or referrals to school support staff. When available means of correction fail to bring about proper conduct school officials may suspend the student from ongoing instruction for adjustment purposes in accordance with State law and administrative regulations.~~

~~A student may be suspended by the principal or his designee upon the first offense, if it is determined that: 1) the pupil violated subdivisions (a), (b), (c), (d), or (e) of Education Code Section 48900; 2) if the principal or superintendent determines that the pupil's presence causes a danger to persons or property; or, 3) if the principal or superintendent determines that the pupil's presence threatens to disrupt the instructional process or the peaceful conduct of school business. It is the intent of the Board to provide for the fair and equitable treatment of students subject to suspension by affording them due process rights as provided by federal and state law. Students with identified disabilities shall not be suspended from school for a period longer than 10 cumulative days in a school year without the appropriate involvement and intervention of the Individualized Education Planning team as prescribed in administrative regulations.~~

~~The Board of Education encourages the use of all available resources in the handling of disciplinary problems including the use of supervised in-house suspension programs for suspended students who pose no imminent danger or threat at school and for whom an expulsion action has not been initiated. The Board also encourages the involvement of parents and guardians in the classroom behavior problems of their children. Teachers are, therefore, authorized, pursuant to Education Code 48900.1, to require that the parent or guardian of a pupil who has been suspended from the teacher's class for committing an obscene act or engaging in habitual profanity or for disrupting school activities or otherwise willfully defying the authority of a school employee, attend a portion of a school day in his or her child's classroom. Teachers who elect to impose this procedure shall do so in accordance with State law and administrative regulations.~~

~~It is the intent of the Board of Education that suspension shall not be imposed, directly or indirectly, against any pupil as a means of correcting truancy, tardiness, or other absenteeism. Staff is further directed to provide all data on suspension and expulsion rates in a manner prescribed by the state~~.

It is the goal of the Board of Education to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. In instances where the conduct of a student is such as to interfere with the educational process, efforts shall be made by school staff to reinforce appropriate school behavior. These efforts should involve a progressive discipline process using student and parent conferences, student study team interventions, and/or referrals to school support staff. The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development, and therefore shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion when other means of correction fail.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when the behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

1. **While on school grounds**
2. **While going to or coming from school**
3. **During the lunch period, whether on or off the school campus**
4. **During, going to, or coming from a school-sponsored activity**

Off campus behavior may result in discipline when it disrupts district programs and activities or as otherwise prohibited by law, Board policy, or administrative regulation.

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, and in accordance with the district's nondiscrimination policies.

Appropriate Use of Suspension Authority

Except when a student's act violates Education Code 48900(a)-(e), as listed in Items #1-5 under "Grounds for Suspension and Expulsion: Grades K-12" of the accompanying administrative regulation, or when the student's presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5, 48900.6)

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension.

No student may be suspended for disruption or willful defiance, except by a teacher pursuant to Education Code 48910. (Education Code 48900)

Students shall not be suspended or expelled based solely on a student's truancy, tardiness, or absenteeism from assigned school activities. (Education Code 48900)

On-Campus Suspension

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

Authority to Expel

~~It is the goal of the Board of Education of the Placentia-Yorba Linda Unified School District to provide a quality education to all students. This requires an educational environment which promotes learning and protects the health, safety and welfare of all students and staff. As such, students are expected to exhibit proper conduct and adhere to school and district rules for appropriate behavior. In instances involving disruptive students, all efforts will be made by site and district support services to develop appropriate social and learning behaviors. These efforts may include, but not be limited to, advising and counseling students, conferencing with parents/guardians, detention during and after school hours, work study programs, alternative educational programs and, if necessary, school transfers and suspension.~~

~~When student conduct becomes continually disruptive or is of such a severe nature, expulsion from the schools of the district will be ordered. Except for single acts of a grave nature, expulsion is usually used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct or when the student's presence causes a continuing danger to other students. The grounds for expulsion and the procedures for considering, recommending, and or implementing expulsion shall be specified in administrative regulations.~~

~~The Board believes that certain violations of Education Code are of a grave nature and put students and staff at increased risk. It is the intent, therefore, of the Board that site administrators recommend expulsion for a pupil possessing, selling, or otherwise furnishing a firearm or explosive; causing harm to, or threatening to harm, another person with a knife; or unlawfully selling or furnishing a controlled substance. Expelled students shall be excluded from all school-related extracurricular activities during the period of expulsion.~~

~~It is also the intent of the Board to ensure that students and their parents/guardians be afforded due process pursuant to federal and state regulations. The administration and staff shall comply with procedures for notices and appeals as specified in regulation. Additionally, each principal shall annually inform all students and parents/guardians of the school's discipline rules and procedures and of the availability of all district policies and regulations dealing with student discipline, suspension and expulsion.~~

A student may be expelled only by the Board. (Education Code 48918(j))

As required by law, the Superintendent or principal shall recommend expulsion and the Board shall expel any student found to have committed any of the following "mandatory recommendation and mandatory expulsion" acts at school or at a school activity off school grounds: (Education Code 48915)

1. **Possessing a firearm which is not an imitation firearm, as verified by a certificated employee, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence**
2. **Selling or otherwise furnishing a firearm**
3. **Brandishing a knife at another person**
4. **Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058**
5. **Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 287, 288, or 289, or former 288a, or committing a sexual battery as defined in Penal Code 243.4**
6. **Possessing an explosive as defined in 18 USC 921**

For all other violations listed in the accompanying administrative regulation, the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended,

the Board shall order the student expelled only if it makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. **That other means of correction are not feasible or have repeatedly failed to bring about proper conduct**
2. **That, due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others**

On a case-by-case basis, a student Board member(s) may make restorative justice recommendations to the Board regarding specific expulsion matters, in accordance with Board Bylaw 9150 - Student Board Members.

A vote to expel a student shall be taken in an open session of a Board meeting. (Education Code 48918(j))

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

No student shall be expelled for disruption or willful defiance. (Education Code 48900)

No child enrolled in a preschool program shall be expelled or unenrolled except under limited circumstances in accordance with Education Code 8489.1 and as specified in Administrative Regulation 5148.3 - Preschool/Early Childhood Education.

Due Process

~~The Board of Education of the Placentia-Yorba Linda Unified School District will ensure that fair, legal, and reasonable processes shall be employed by the district whenever charges of any kind are made against a student. Such processes will apply, but not be limited to, the following types of cases:~~

1. ~~Incidental or habitual misconduct~~
2. ~~Acts adversely affecting the welfare of others~~
3. ~~Other illegal acts~~
4. ~~Violation of school policies and regulations~~

The Board shall provide for the fair and equitable treatment of students facing suspension and/or expulsion by affording the students due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

Plan for Rehabilitation

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, in accordance with the accompanying administrative regulation.

Maintenance and Monitoring of Outcome Data

The Superintendent or designee shall maintain outcome data related to student suspensions and expulsions, including, but not limited to: (Education Code 48900.8, 48916.1)

1. **The number of students recommended for expulsion**
2. **The grounds for each recommended expulsion**
3. **The actions taken by the Board, including whether the student was subsequently expelled and whether the expulsion order was suspended**
4. **The types of referral made after each expulsion**
5. **The disposition of the students after the expulsion period, including the completion of a rehabilitation plan, the successful readmission of the student, or both**
6. **The average length of expulsion terms, including any extensions**

For any expulsion that involves the possession of a firearm, such data shall include the name of the school and the type of firearm involved, as required pursuant to 20 USC 7961. Suspension and expulsion data shall be reported to the Board at least annually and to the California Department of Education when so required.

Staff is further directed to provide all data on suspension and expulsion rates to the Board. The Superintendent or designee shall disaggregate data on suspensions and expulsions by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, long-term English learners, students with disabilities, foster youth, and students experiencing homelessness. Based on the data, the Board shall address any identified disparities in the imposition of student discipline and shall determine whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan, which may include monitoring intervention effectiveness.

Revise Board Policy 6163.2: Animals at School, first reading

Background

The proposed update to Board Policy 6163.2, *Animals at School*, adds a new section titled Therapy Animals (District-Approved Programs) to clarify and formalize PYLUSD's authority to approve trained therapy or support animals in limited, structured circumstances. While current policy appropriately distinguishes service animals from emotional support or companion animals, the recommended language provides a clear pathway for the District to utilize certified therapy animals as part of structured instructional, counseling, wellness, or crisis response programs under the supervision of qualified professionals. This update ensures alignment with health, safety, and liability standards while preserving administrative oversight and case-by-case approval authority.

This addition creates opportunities for PYLUSD to partner with reputable professional organizations that specialize in trained therapy animals for schools and community settings. Such partnerships may support student wellness initiatives, activities, and crisis response efforts following significant events impacting a school community. In times of crisis, certified therapy animal teams can provide short-term emotional stabilization and support as part of a coordinated mental health response. More broadly, structured therapy animal programs may be integrated into school-based mental health initiatives to promote positive student engagement and emotional regulation. All such programs would operate under established administrative regulations addressing supervision, handler qualifications, vaccination verification, insurance coverage, parent communication, and protocols to address allergies or other health concerns. This recommended update provides clarity, establishes appropriate safeguards, and supports the District's commitment to student well-being while maintaining clear boundaries regarding non-qualified emotional support animals.

BOARD POLICY

Placentia-Yorba Linda Unified School District

Instruction 6163.2 BP

ANIMALS AT SCHOOL

The Governing Board recognizes that animals can contribute to the District's instructional program ~~by being effective teaching aids to students for assemblies, instructional programs, or classroom presentations~~ **and student well-being.** ~~Service animals may also assist individuals with disabilities to access District programs and activities.~~ **Service animals play a critical role in ensuring access to District programs and activities for individuals with disabilities, while certified therapy animals may provide social-emotional benefits to students when incorporated into structured educational or wellness programs. Animals may serve as effective teaching aids in assemblies, instructional programs, or classroom presentations.** Instruction related to the care and treatment of animals ~~teaches students a sense of responsibility and promotes~~ **teaches students responsibility and promotes** the humane treatment of living creatures.

The Superintendent or designee shall develop rules and procedures to ensure that when animals are brought to school, the health**, safety,** and welfare of students, staff, and ~~the~~ animals are protected. ~~However,~~ The District assumes no liability for the safety of animals allowed on District property.

Service Animals

Individuals with disabilities may be accompanied by ~~specially trained guide dogs, signal dogs, or service animals~~ **a service animal** on school premises or on school transportation, **consistent with state and federal law.** ~~The Superintendent or designee shall develop an accompanying administrative regulation for language reflecting this right.~~

~~A service animal is any guide dog, signal dog or other animal individually trained to do work or perform tasks for the benefit of an individual with a disability~~, **A service animal is defined as a dog or another animal as determined by the American with Disabilities Act (ADA) that is individually trained to do work or perform tasks for the benefit of an individual with a disability.** ~~including but not limited to guiding individuals with impaired vision, alerting individuals with impaired hearing, providing minimal rescue or protection work, pulling a wheelchair or fetching dropped items.~~ **Such tasks must be directly related to the individual's disability and may include, but are not limited to:**

- **Guiding individuals with visual impairments**
- **Alerting individuals with hearing impairments**
- **Providing physical support or mobility assistance**
- **Retrieving items or assisting during medical events**

~~The service the animal is providing must be one it has been individually trained to perform, and directly related to the functional limitation of the person's disability.~~ **Service animals are working animals, not pets.**

~~The provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of the definition of a service animal.~~

Therapy Animals (District-Approved Programs)

~~Therapy, emotional support, or companion animals are not service animals, and therefore, are not permitted to accompany individuals on school campus or on school transportation.~~

The Governing Board recognizes that certified therapy animals, particularly therapy dogs, may provide social-emotional benefits to students when incorporated into structured educational or wellness programs.

The Superintendent or designee may approve the use of therapy animals on campus under the following conditions:

- **The animal is certified and registered through a recognized therapy animal organization**
- **The animal is under the control of a trained handler at all times**
- **Participation is voluntary, with consideration given to student allergies, fears, and cultural concerns**
- **Appropriate liability insurance and documentation are maintained**
- **The animal is part of a structured instructional, counseling, or student support program**

Approval shall be granted on a case-by-case basis and may be revoked if the presence of the animal poses a health, safety, or disruption concern.

Therapy animals permitted under this policy are not considered service animals and may only be present on campus for approved District programs or activities.

The Superintendent or designee shall establish administrative regulations to ensure appropriate safeguards, including parent notification, supervision requirements, and protocols to address student health needs.

Therapy, emotional support, or companion animals are not service animals and are not permitted to accompany individuals on school campus or on school transportation, except as part of a District-approved program.

Use of Animals in Instruction

~~The only time animals are allowed on school grounds is when they are being used for educational or service purposes.~~

Animals may be brought onto school grounds for educational purposes when authorized by the Superintendent or designee and when all health, safety, and welfare requirements are met.

The Superintendent or designee shall develop administrative regulations to implement this policy and ensure compliance with applicable laws, the use of animals as service animals, therapy animals, and the use of animals in instruction.

THIS AGREEMENT ("Agreement") is made and entered into by and between the Placentia-Yorba Linda Unified School District, a public school district organized and existing under the laws of the State of California ("District") and California Republic Leadership, a California public charter school (hereinafter referred to as the "Charter School") as of the later of the date upon which it is approved by the governing boards of the District and the Charter School or the date upon which it is fully executed by the duly authorized representatives of the parties (the "Effective Date"). The District and Charter School are collectively referred to as "the Parties."

RECITALS

WHEREAS, Charter School received approval of its Petition and Charter ("Charter") from the Orange County Department of Education;

WHEREAS, on or about November 1, 2025, the Charter School submitted to the District a request for facilities (the "Proposition 39 Request") under the provisions of Education Code Section 47614 and its implementing regulations set forth in Title 5 of the California Code of Regulations ("5 C.C.R.") Section 11969.1 *et seq.* (collectively "Proposition 39") for the 2026-2027 school year;

WHEREAS, the District and Charter School desire to enter into this Agreement in lieu of complying with the procedures and requirements related to a charter school's use of school district facilities in Education Code Section 47614 and its implementing regulations set forth in Title 5 of the California Code of Regulations ("5 C.C.R.") Section 11969.1 *et seq.* (collectively "Proposition 39") for the 2026-2027 school year;

WHEREAS, the Charter School and District agree to enter into an in lieu agreement whereby the Charter School will occupy a portion of the District's Esperanza Site, located at 1830 Kellogg Dr, Anaheim, California 92807 ("Esperanza Site" shall refer to the total site, "Subject Property" shall refer to that portion of the Subject Property to be used by the Charter School, "Charter School Exclusive Space" shall refer to that portion of the Subject Property offered for the Charter School's exclusive use, and "Shared Space" shall refer to that portion within the Subject Property offered to Charter School for shared use), as marked and depicted in **Exhibit A** hereto and incorporated herein by this reference, for the 2026-2027 academic year, pursuant to the conditions set forth below;

WHEREAS, the Parties desire to set forth the terms and conditions herein, pursuant to which the Charter School will occupy and use facilities at the Esperanza Site for the 2026-2027 school year.

NOW THEREFORE, in consideration of the covenants and agreements hereinafter set forth, the Parties agree as follows:

1. Use of the Subject Property. District agrees to allow Charter School use of the Subject Property, for the sole purpose of operating the Charter School educational program as set forth in the Charter and associated uses such as after-school programs. Charter School's right to use of the Subject

Property shall be for the 2026-2027 school year, beginning on August 17, 2026, and shall conclude on June 30, 2027. All maintenance and operations services to be provided by the District under this Agreement shall be provided subject to regularly scheduled District working hours.

2. Term. The term of this Agreement shall commence upon the Effective Date and shall expire and terminate on June 30, 2027 ("Term"), unless terminated earlier per the terms of this Agreement.

3. Reversion of Subject Property to District. Upon the termination or expiration of this Agreement by its terms, the right to use and occupation of the Subject Property and the facilities and District equipment thereon, if any, shall revert to the District, unless the Parties mutually negotiate a successor agreement regarding the Charter School's continued use of the Subject Property for its educational program. If the Charter School desires to use District facilities for the 2027-2028 academic year or beyond, the Charter School must submit a new facilities request and pursue such facilities in accordance with the requirements of Proposition 39. Upon termination of this Agreement, the District shall recoup the full rights and benefits of its ownership of the Subject Property, including, but not limited to, use of such Subject Property for District programs and services.

4. Civic Center Act. Except as otherwise stated in this Agreement, after 6:30 pm during the week and all day on weekends and holidays, the Subject Property shall be subject to use by the public pursuant to the Civic Center Act (Education Code Section 38131 *et seq*.) and/or any joint use or recreational program use that has been deemed appropriate by the District. Charter School and District shall meet prior to the beginning of each semester to schedule Charter School activities directly related to the Charter School's educational program (such as back to school nights, board meetings, school plays, and similar) during the times otherwise subject to use pursuant to the Civic Center Act or other use deemed appropriate by the District. For any use not scheduled at the beginning of the semester, or for any use not directly related to the Charter School's educational program, as provided for in the Charter, Charter School must submit a facilities request through the District's online system. The Charter School shall not pay any additional costs for its use of the Subject Property related to its program as contemplated by its Charter pursuant to this process. Civic Center Act use requests, for use of the Subject Property by users other than Charter School, shall be evaluated and handled by the District, but coordinated with the Charter School as appropriate. The District will consult with Charter School prior to scheduling any Civic Center Act use of space allocated to Charter School's exclusive use and shall ensure that no uses are scheduled when the Charter School has, either at the meeting at the beginning of the semester or through the District's online system, already scheduled and been approved for use of the requested space (which approval shall be granted unless the space has already been reserved through the Civic Center Act). Charter School shall direct all Civic Center Act requests for use of the Subject Property to the District's Director, Use of Facilities, Paul Juarez, who can be contacted at (714) 985-8745 and pjuarez@pylusd.org. All proceeds derived from the use of the Subject Property pursuant to the Civic Center Act or as otherwise provided for in this Section 4 shall be the property of the District and the District shall be responsible for cleaning and repairing the Subject Property after each Civic Center Act use.

5. Drill Notice. In the event that Charter School conducts a fire, earthquake, or other emergency drill, Charter School shall provide District with reasonable prior notice of the time and nature of the drill and confirm that a District representative is aware of the time and nature of said drill.

6. Security/Safety Notification. In the event either Party becomes aware of an emergency situation (including, but not limited to, a threat posed by an intruder and/or an emergency situation that requires institution of a lockdown) occurring on the Subject Property and/or the Esperanza Site, the Party shall immediately notify the other Party. Prior to the Charter School occupying the Subject Property, the Parties shall exchange contact information to be used for the purposes of such notification.

7. Furniture and Equipment. The District will provide the furnishings and equipment identified in **Exhibit B,** attached hereto and incorporated by this reference. The District will retain ownership of all furniture and equipment provided to Charter School, which shall be returned to the District at the end of the Term in the same condition as received, reasonable wear and tear excepted. Furniture and equipment will be replaced in accordance with District schedules and practices. Any additional furniture or equipment required for discretionary use shall be at the sole cost and responsibility of the Charter School.

8. Full and Complete Satisfaction. Charter School agrees this Agreement constitutes full and complete satisfaction of any obligation of the District to provide facilities, including furnishings and equipment, to Charter School under Education Code Section 47614 and the Proposition 39 regulations, and/or any successor laws and/or regulations for the Applicable Year. Charter School agrees that by accepting this Agreement it certifies that the District has fully and completely satisfied any obligation of the District to provide facilities, including furnishings and equipment, to the Charter School under Proposition 39 or successor provisions for the Applicable Year by Charter School under the provisions set forth in this Agreement. The Charter School waives and forever releases the District from any claim that the Charter School, or any successor entity, may have against the District regarding any allegation that the District has taken action to impede the Charter School from expanding its enrollment to meet pupil demand for the Applicable Year under the provisions set forth in this Agreement. Furthermore, the Charter School waives any rights it may have to object subsequently to the District's perceived failure to offer facilities, including furnishings and equipment, in accordance with applicable law for the Applicable Year and waives any rights it may have to challenge those aspects of the District's offer of facilities and/or offer in-lieu of facilities, including furnishings and equipment, that the Charter School believes violate the substantive or procedural requirements of Proposition 39 and its implementing regulations or successor provisions for Applicable Year under the provisions set forth in this Agreement. The Charter School shall not be entitled to additional or alternative facilities from the District pursuant to Proposition 39 or any successor statute, regulation, or other provision of law for the Applicable Year under the provisions set forth in this Agreement, irrespective of the Charter School's in-District student enrollment or whether Charter School has enrollment growth.

9. Negotiated Agreement. Charter School acknowledges and understands that this is a negotiated agreement between the Parties exclusively for the Term of this Agreement, including the amount and type of space, furnishings, and equipment being provided for Charter School's use. Nothing in this Agreement shall serve as a precedent, shall indicate that the amount and type of space and equipment being provided for Charter School's use is necessary or required for Charter School's in-District or total enrollment, and/or shall be used as evidence of Charter School's needs or entitlement to space pursuant to the formal application of Proposition 39 including its Implementing Regulations for any year beyond the Applicable Year. Nor shall anything in this Agreement entitle Charter School and/or obligate the District in the future to provide facilities and/or equipment to accommodate out-of-District students who may enroll in the Charter School.

10. District and Esperanza References. Under no circumstances may the Charter School or any of its board members, administrators, employees, agents, representatives, volunteers, subcontractors, invitees, successors and/or assigns obscure, remove, paint over, permanently conceal or otherwise alter in any way any sign, decal, mural, mascot or other reference, including but not limited to references to "Esperanza," "Placentia-Yorba Linda Unified School District" and/or any other District, City or third-party program on the Subject Property ("Esperanza /District Reference"). Charter School must specifically communicate this to its on-site staff. In the event that any Esperanza /District Reference is damaged or obscured in any way during the Charter School's use of the Subject Property by Charter School or its board members, administrators, employees, agents, representatives, volunteers, subcontractors, invitees, successors, and/or assigns, Charter School shall be responsible for all costs associated with the full restoration of the Esperanza /District Reference.

11. Signs and Murals. Charter School shall not have the right to place, construct, or maintain any sign, advertisement, awning, banner, mural or other external decorations on the improvements that are a part of the Subject Property without District's prior written consent, which shall not be unreasonably withheld or delayed, but may be reasonably conditioned. Subject to District's approval as described herein, and subject to any other applicable laws or regulations, the Charter School at its sole cost, may install signage customarily used by other schools in the District at the Subject Property, as well as wayfinding signage on the Esperanza Site for Charter School pick-up, drop-off, events and safety. Upon vacating the Subject Property, Charter School shall remove any and all signage placed on the Subject Property and/or the Esperanza Site and restore the Subject Property and/or Esperanza Site to its original condition.

12. Allocation of Facilities. The Charter School must report actual ADA to the District every time that the Charter School reports ADA for apportionment purposes. The reports must include, and separately designate, in-District and total ADA and in-District and total classroom ADA. The Charter School must maintain records documenting the data contained in the reports. These records shall be provided as noted above and available upon request by the District. The records must specify which ADA are enrolled at the Subject Property and/or receiving services from the Subject Property. Additionally, the District may request backup documentation confirming in-District ADA in a manner that is reasonably acceptable to the District at any time.

13. Early Termination. This Agreement shall terminate prior to June 30, 2027, for any of the reasons stated in this Agreement after any required notice and failure to cure within the stated timelines, and/or the revocation or expiration for any reason of Charter School's Charter, except that in the case of a revocation or non-renewal of the Charter School's Charter, this Agreement shall not terminate until the Charter School has exhausted all of its statutory rights to appeal said revocation or non-renewal, has failed to timely appeal such revocation or non-renewal, or the term of this Agreement expires, whichever occurs first.

14. Fees. The Parties agree that the Charter School's pro rata share of cost for the Subject Property ("Pro Rata Share") is Nineteen Dollars and Thirty-Seven Cents ($19.37) per square foot for the 2025-2026 school year. The Parties agree that the total square footage subject to this Agreement is Twelve Thousand Eight Hundred Eighty (12,880) square feet of Charter School Exclusive Space and Four Thousand Eight Hundred Ninety-Six (4,896) square feet of Shared Space for the Applicable Year. The total annual cost for use of the Subject Property will be calculated at Nineteen Dollars and Thirty-Seven Cents ($19.37) per square foot for Twelve Thousand Eight Hundred Eighty (12,880) square feet

of Charter School Exclusive Space and Five Dollars and Sixty-One Cents ($5.61) per square foot for Four Thousand Eight Hundred Ninety-Six (4,896) square feet of Shared Space (which is 29% of the per square foot pro rata share rate, and is thus proportionate to Charter School's percentage share of the Shared Space) for a total of Two Hundred Seventy-Six Thousand Nine Hundred Fifty-Two Dollars and Sixteen Cents ($276,952.16). Charter School Shall be charged and make payment to the District at the monthly rate of Twenty-Five Thousand One Hundred Seventy-Seven Dollars and Forty-Seven Cents ($25,177.47), which is one-eleventh of the total annual fee ("Monthly Fee") for the 2026-2027 school year. Charter School must make payment of the Monthly Fee by 4:30 p.m. of the fifth (5^{th}) calendar day of the month. Late payments shall be subject to a four percent (4%) late fee though this late payment penalty does not excuse the late payment nor indicate that such late payment is not a breach of Charter School's obligations hereunder. The District may deduct any late payments (including the late fee) from any revenues of the Charter School that are passed through the District and from the Charter School's in lieu of property tax payments from the District. In the event the Charter School's payment is a month or more late, or should the Charter School have three or more late payments in a fiscal year, the Charter School will be considered in breach of this Agreement and the District may terminate the Agreement, including any use of the Subject Property by the Charter School by providing 10 days' written notice. As specified above, the provisions of Section 7 shall survive any such termination for such breach and Charter School may not request District facilities pursuant to Proposition 39 for any period that would have been within the Term of this Agreement.

Utilities provided by the District are limited to: electrical, natural gas, sewer, waste disposal/recycling, and water. The District shall determine, consistent with the District's policies and standards applicable at other District school sites, whether and how such maintenance and/or repairs shall be performed. Notwithstanding the foregoing, the Charter School shall be entitled to install non-permanent furnishings, equipment and materials (specifically picnic tables, portable outdoor furniture, age-appropriate playground and physical education equipment and movable instructional tools for outdoor or flexible space) with the District's consent, which will not be unreasonably withheld, conditioned or delayed. Charter School shall not permit any liens or claims to stand against the Subject Property for labor or material furnished in connection with any work performed by Charter School. Upon reasonable and timely notice of any such lien or claim delivered to Charter School by District, Charter School may bond and contest the validity and the amount of such lien, but Charter School shall immediately pay any judgment rendered, shall pay all proper costs and charges, and shall have the lien or claim released at its sole expense. Additionally, Charter School may not use or operate the improvements until the project is closed-out and certified by DSA, if applicable, and/or final approval

Charter School shall communicate any public health concern notices in accordance with requirements of Cal/OSHA, Orange County Health Care Agency (OCHCA), and/or California Department of Public Health (CDPH). By entering into this Agreement, District is not making any implied or explicit suggestion or warranty that the Esperanza Site and/or Subject Property is protected from any public health concern or otherwise safe for use.

Should any discharge, leakage, spillage, emission, or pollution of any type occur upon or from the Esperanza Site and/or Subject Property caused by the Charter School's operations thereon, Charter School, at its sole expense, shall be obligated to clean all the property affected, including, if applicable, any properties in the vicinity of the Subject Property, to the satisfaction of District and any governmental agencies having jurisdiction over the Subject Property or any other properties affected by the discharge, leakage, spillage, emission, or pollution. Parties agree that self-insurance through a Joint Powers Authority shall satisfy District's obligations under this Section 26. District shall not be responsible for insuring any of the Charter School's personal property or persons (including without limitation students or members of staff). Charter School shall procure and maintain, for the duration of this Agreement, insurance coverage as set forth in **Exhibit C**, attached hereto and incorporated herein by this reference, with insurance carriers that are admitted or authorized non-admitted insurers by the State of California and with a rating equivalent to an A:VII by A.M. Best Company. The insurance and/or coverage required by this Agreement shall be endorsed to name the District, the District Board and Board members, the Superintendent, District officers, committees, boards, and administrators, employees, agents, representatives, volunteers, successors, and assigns as additional insureds. The policy number/s on the certificates of insurance must match those on the endorsements. Charter School may use a self-insurance and/or joint powers authority mechanism to meet the described insurance requirements.

Each policy or memorandum of coverage required to be maintained by Charter School above shall be endorsed to provide that thirty (30) days' prior written notice of suspension, recession, voiding, exhaustion, cancellation, non-renewal, or change in coverage, scope, or amount of any policy be given to the District by the insurer and Charter School by U.S. Mail, certified, or by personal delivery, and if Charter School's insurance company does not provide notice of cancellation to additional insureds, Charter School shall provide the District with notice of cancellation no more than three (3) business days after it receives any such notice from its insurance company, and to establish that coverage for anything other than structures is primary and that any insurance or self-insurance held by the District, its officials, employees, and agents shall be excess and shall not contribute to it. The District's property insurance shall be primary. Upon receipt of notice that any policy of insurance or memorandum of coverage required by the foregoing provisions of this Agreement will be suspended, exhausted, rescinded, voided, canceled, reduced in coverage or in limits, or non-renewed, or materially changed for any reason, the Parties will discuss the Charter School's plan to ensure its ongoing compliance with its insurance obligations as set forth in this Agreement, and Charter School shall provide proof of such coverage prior to the date on which the coverage was to be changed. If, for any reason at any time any policy of insurance or memorandum of coverage required by the provisions of this Agreement is suspended, rescinded, voided, exhausted, terminated, canceled, significantly reduced in coverage or in limits, non-renewed, or materially changed in a manner that will result in substantially lower coverage levels as required under this Agreement for any reason, the Charter School shall suspend operations at the Subject Property until such policy of insurance and/or memorandum of coverage is restored, which Charter School shall restore within seven (7) business days.

District's insurance shall be primary for claims for damage to the Subject Property's physical structures caused by the actions of third parties, except to the extent that the third party's actions arose as a result of the negligence, intentional disregard, or malfeasance of the Charter School.

All rights of subrogation against the District or Charter School for injury (including death), damage or loss arising from performance or nonperformance of the District or Charter School pertaining to this Contract are waived. Waiver of subrogation to be provided.

Any waiver or modification of these insurance requirements can only be made with the prior written approval of the District's Superintendent or their designee.

The coverage and limits required hereunder shall not in any way limit the liability of the Charter School nor are the insurance requirements herein intended to represent adequate or sufficient coverage for the Charter School's risks hereunder.

By no later than June 1, 2026, and at any other time a request is made by the District for such documents, Charter School shall provide District with duplicate originals and endorsements of each policy of insurance and/or each memorandum of coverage required by the foregoing provisions of this Agreement, including all declarations, forms, and endorsements. This documentation shall be received and reasonably **approved in writing (which approval shall not be withheld by the District if the coverage secured by the Charter School meets the insurance requirements of this Section 26)** by the District at least fifteen (15) days prior July 1, 2026, and at least fifteen (15) days prior to the expiration/renewal date of each policy/memorandum of coverage, and at any other time that a policy of insurance and/or memorandum of coverage is changed. Should the Charter School fail to timely provide and obtain approval of the required proof of insurance prior to the commencement of the Term

of this Agreement or prior to the expiration/renewal date or at any other time that a policy of insurance and/or memorandum of coverage is changed, Charter School shall suspend operations at the Subject Property until such proof has been submitted to and approved in writing by the District. The duplicate originals and original endorsements required by this provision shall be signed by a person authorized by the insurer and/or joint powers authority to bind coverage on its behalf. The procuring of such insurance and/or coverage or the delivery of duplicate originals and endorsements evidencing the same shall in no way be construed as a limitation of the obligation(s) of the Charter School to defend, indemnify, and hold harmless the District, the District Board and Board members, the Superintendent, District officers, District appointed groups, committees, boards, and any other District appointed body, and administrators, employees and attorneys, agents, representatives, volunteers, successors, and assigns.

27. Indemnification. With the exception of any liability, claims, or damages caused by the gross negligence or willful misconduct of the District, the Charter School shall indemnify, hold harmless, and defend the District, its trustees, officers, employees, and agents against and from any and all claims, demands, actions, causes of action, suits, losses, liability, expenses, penalties, obligations, errors, omissions, and costs, including legal costs, attorney's fees, and expert witness fees, whether or not suit is actually filed, and/or any judgment rendered against the District, its trustees, officers, employees, and agents, that may be asserted or claimed by any person, firm, or entity for any injury, death, or damage to any person or property occurring in, on, or about the Esperanza Site and/or Subject Property after the Charter School's occupancy of the Subject Property, arising from, or in connection with, the Charter School's use of the Esperanza Site and/or Subject Property or from the conduct of its business, including conduct of its board of directors, administrators, employees, agents, representatives, volunteers, subcontractors, invitees, successors, and/or assigns or from any activity, work, or other things done, permitted or suffered by Charter School in or about the Esperanza Site and/or Subject Property. Charter School's obligation to defend the District and the other indemnitees identified herein is not contingent upon there being an acknowledgement or determination of the merit of any claims, demands, actions, causes of action, suits, losses, liability, expenses, penalties, obligations, errors, omissions, and/or costs. The Charter School shall also defend, indemnify and hold harmless District and its Board, employees, and agents from any harm, claim, liability, or damage arising out of, caused by, or from any person claiming to have contracted, or demonstrating contraction of, any public health concern, or any related sickness or aliment as the result of entering the Esperanza Site and/or Subject Property at the invitation/request of, with the permission of, and/or on behalf of the Charter School, and/or related to Charter School's operations at the Subject Property, and any claimed violation of any rule, regulation, or guidance related to any public health concern arising from the Charter School's use of the Esperanza Site and/or Subject Property.

With the exception of any liability, claims, or damages caused by the gross negligence or willful misconduct of the Charter School, the District shall indemnify, hold harmless, and defend the Charter School, its trustees, officers, employees and agents against and from any and all claims, demands, actions, causes of action, suits, losses, liability, expenses, penalties, obligations, errors, omissions, and costs, including legal costs, attorney's fees, and expert witness fees, whether or not suit is actually filed, and/or any judgment rendered against the Charter School, its trustees, officers, employees, and agents, that may be asserted or claimed by any person, firm, or entity for any injury, death, or damage to any person or property occurring in, on, or about the Esperanza Site and/or Subject Property after the Effective Date, arising from the District's failure to maintain, repair, or keep in good repair the Subject Property, or in connection with, the District's operations on the Subject Property, including conduct of

its board of trustees, administrators, employees, agents, representatives, volunteers, subcontractors, invitees, successors, and/or assigns or from any activity, work, or other things done, permitted, or suffered by District in or about the Esperanza Site and/or Subject Property.

This Section 26 shall survive the termination or expiration of this Agreement.

28. Damage and Destruction of Facilities.

A. Damage Caused by Charter School. If the Subject Property is damaged by any casualty the cause of which is the gross negligence of the Charter School, its officers, employees, agents, contractors, volunteers, students, or invitees, the Charter School shall be solely responsible for all costs for the repair or replacement of the Subject Property, including all improvements, equipment, and furnishings. Such repair/replacement shall be completed by the District and/or its contractors at the Charter School's expense. The Charter School shall continue to have access to any undamaged/usable portion of the Subject Property pursuant to the terms of this Agreement during the period of repair/replacement. This Agreement shall continue in full force and effect including the provisions of Section 7, except that Charter School shall be entitled to proportionate reduction of all fees and payments while such restoration takes place, such proportionate reduction to be based upon the extent to which the restoration efforts interfere with Charter School's business on the Subject Property.

If the Subject Property is totally destroyed (defined as the destruction of more than sixty percent (60%) of the usable classroom space) the cause of which destruction is the gross negligence of the Charter School, its officers, employees, agents, contractors, volunteers, students, or invitees, and if the Subject Property cannot be restored pursuant to the preceding paragraph within one hundred twenty (120) schooldays after the commencement of the work in the opinion of a registered architect or engineer approved by District, notwithstanding the availability of Charter School's insurance proceeds, then this Agreement may be terminated effective the date of the damage, but the provisions of Section 7 shall survive any such termination and Charter School shall not be entitled to any District facilities pursuant to Proposition 39 during any period that would have remained in the Term of this Agreement.

B. Partial Damage. If the Subject Property is damaged by any casualty that is covered by applicable insurance, the cause of which casualty is not the gross negligence of the Charter School, its officers, employees, agents, contractors, volunteers, students, or invitees and the Charter School still has access to at least sixty percent (60%) of the usable classroom space, then the Subject Property shall be restored provided insurance proceeds are available to pay for the cost of restoration, and provided such restoration can be completed within one hundred twenty (120) schooldays after the commencement of the work in the opinion of a registered architect or engineer approved by District. In such event, this Agreement shall continue in full force and effect, except that Charter School shall be entitled to proportionate reduction of all fees and payments while such restoration takes place, such proportionate reduction to be based upon the extent to which the restoration efforts interfere with Charter School's business on the Subject Property. The District will use best efforts to provide the Charter School temporary housing to accommodate Charter School's 125.4 in-District students, taking into account the overall impact on District facilities and equally considering the needs of District and Charter School students, as soon as possible on the Subject Property or another school site for any part of the Charter School program that is displaced by the partial damage and/or the repair work at the Subject Property. The Parties shall ente into a subsequent agreement governing Charter School's use of any alternative District facilities. If the cause of such casualty causing partial damage is not the

negligence or intentional act of the District, or its officers, employees, contractors, agents, volunteers, students, or invitees, but is caused by a third party or by act of God, both the District and the Charter School shall tender the cost of restoring the Subject Property to their respective insurance carriers, and the proceeds of any coverage shall be contributed to the costs of the repair.

C. Total Destruction. If the Subject Property is totally destroyed (defined as the destruction of more than sixty percent (60%) of the usable classroom space) the cause of which destruction is not the gross negligence of the Charter School, its officers, employees, agents, contractors, volunteers, students, or invitees or the Subject Property cannot be restored as required by Section 27.B, notwithstanding the availability of insurance proceeds, then this Agreement may be terminated effective the date of the damage. The District will use best efforts to provide Charter School with a school facility or facilities sufficient to accommodate Charter School's 125.4 in-District students, taking into account the overall impact on District facilities and equally considering the needs of District and Charter School students, as soon as possible after the effective date of the damage to limit any interruption in Charter School's educational program. The Parties enter into a subsequent agreement governing Charter School's use of any alternative District facilities. If the cause of such total destruction is not the negligence or intentional act of the District, or its officers, employees, contractors, agents, volunteers, students, or invitees, but is caused by a third party or by act of God, both the District and the Charter School shall tender the cost of restoring the Subject Property to their respective insurance carriers, and the proceeds of any coverage shall be contributed to the District towards compensation for the destruction.

29. Cooperation to Address Any Traffic Concerns. Charter School agrees to cooperate with District, the City of Anaheim, and the neighborhood surrounding the Subject Property, to address concerns that may arise regarding traffic near the Subject Property during student drop-off and pick-up times during the school day, brought about by operations of the Charter School. Charter School will monitor traffic conditions surrounding the Subject Property and will be proactive in taking steps to maximize safety and minimize any congestion affecting the surrounding community. Uses contemplated under this Agreement will remain within the maximum occupancy/capacity limits of the specific spaces within the Subject Property as mandated by all appropriate local and state authorities and building codes. Charter School administration and staff shall park first in the designated parking spaces within the Subject Property rather than in the surrounding neighborhood.

30. Force Majeure. In the event the District determines there are unsafe and/or dangerous conditions that pose a threat to life or property due to causes beyond its reasonable control, including but not limited to fires, flood, storm, explosions, earthquakes, telecommunications outages, acts of God, war, governmental action, pandemics, and epidemics ("Force Majeure Events"), District shall notify Charter School of its determination within five (5) business days. Charter School and District shall agree to meet within two (2) business days to discuss next steps regarding use and/or operation of the Subject Property. In the event District and Charter School mutually agree to a Force Majeure Event closing of the Subject Property, the District shall not be deemed in default of any provision of this Agreement, as long as the District's nonperformance is caused by a Force Majeure Event. The Charter School shall not be obligated to pay any usage fee or other costs during the time that the Subject Property is closed due to a Force Majeure Event. However, should the Charter School voluntarily choose (meaning not mandated by law and/or the condition of the Subject Property) not to use the Subject Property during a Force Majeure Event, the Charter School shall continue to remain obligated to pay any usage fee and/or other costs required under this Agreement. Once District and Charter

School mutually agree to reopen the Subject Property, the terms and conditions of this Agreement shall reinstate and apply in full force and effect, but such event shall not serve to extend the Term of this Agreement.

31. Notice. Any notice required or permitted to be given under this Agreement shall be deemed to have been given, served, and received if given in writing and personally delivered or either deposited in the United States mail, registered or certified mail, postage prepaid, return receipt required, or sent by overnight delivery service, or sent via email, addressed as follows, unless otherwise explicitly specified pursuant to the terms of this Agreement:

34. Subcontract and Assignment. This Agreement, together with its attachments, constitutes the entire agreement between the Parties and supersedes all prior discussions, negotiations, and agreements, whether oral or written. In the event of a conflict between this Agreement and the Charter School's Charter, this Agreement shall control. This Agreement may be amended or modified only by a written instrument executed by the Parties.

37. Legal Interpretation. This Agreement shall be governed by, and the rights, duties, and obligations of the Parties shall be determined and enforced in accordance with the laws of the State of California. The Parties further agree that any action or proceeding brought to enforce the terms and conditions of this Agreement shall be maintained in Orange, California. The terms of the Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction that might otherwise apply. The Parties expressly understand and agree that this Agreement for use of the Subject Property is made pursuant to the requirements and authorization of Proposition 39, and is

neither intended by the Parties, nor shall it be legally construed, to convey a leasehold, easement, or other interest in real property. Should either Party be compelled to institute arbitration, legal, or other proceedings against the other for or on account of the other Party's failure or refusal to perform or fulfill any of the covenants or conditions of this Agreement on its part to be performed or fulfilled, the Parties agree that the Agreement shall be interpreted as a license, and the rules and principles applicable to licenses shall govern such actions or proceedings, except that the District agrees to comply with the underlying Proposition 39 provisions set forth in this Agreement.

38. Waiver. The waiver by any Party of any breach of any term, covenant, or condition herein contained shall not be deemed to be a waiver of such term, covenant, condition, or any subsequent breach of the same or any other term, covenant, or condition herein contained.

ALGEBRA, GEOMETRY AND ALGEBRA 2 CURRICULUM ADOPTION

Background

In accordance with Board Policy 6161, recommendations are made to the Board of Education for the adoption of basic and supplementary textbooks. Our current Algebra 1, Geometry, and Algebra 2 materials were adopted in 2015.

A team of sixteen pilot teachers from across the district piloted two different publishers to assess the curriculum options. After formal evaluation, the pilot teachers unanimously selected Mc-Graw Hill *California Reveal Math* high school math curriculum.

The recommended high school math program textbook Mc-Graw Hill *California Reveal Math* was recommended by the Curriculum Council on January 29 and voted 30 Aye, 0 No, and 0 Abstain for Board approval. On January 30, after posting information to the district website, a 30-day public display of the curriculum was set up at the PYLUSD district office, allowing members of the PYLUSD community to visit and review hardcopy and digital materials during office hours. Those visiting the public review display are able to submit feedback and/or comments through a digital feedback form. The 30-day public display concluded on March 16, 2026, with 0 comments.

AP LITERATURE AND COMPOSITION AND AP LANGUAGE AND COMPOSITION CURRICULUM ADOPTIONS

Background

According to Administrative Regulation 6161.1, “Adoptions shall be considered valid for future edition(s) of the textbook/resources that are released by the publisher prior to the next regularly scheduled adoption, provided that there are no substantive changes to the content or material as evaluated by district staff.” The current textbook was published in 2011, with some textbook editions dating back to 2009. In addition, the AP® exam underwent significant updates in May 2025, thus prompting the need for instructional materials that reflect the revised coursework and assessment expectations. Currently, PYLUSD has 540 students enrolled in AP Literature and Composition and 633 students enrolled in AP Language and Composition. Since our current curriculum is outdated and has not undergone substantive changes to align with AP exam expectations or coursework, a task force was formed to evaluate new AP Literature and AP Language textbook materials. As a result, the task force recommended two new textbooks from BFW Publications: *The Language of Composition - Essential Voices, Essential Skills* and *Literature of Composition - Essential Voices, Essential Skills*. These textbooks precisely align with the current 2025 AP English exams and integrate all up-to-date AP skills with robust practice and a dynamic digital interface.

On January 29, 2026, after posting information to the district website, a 30-day public display of the curriculum was set up at the PYLUSD district office, allowing members of the PYLUSD community to visit and review hardcopy and digital materials during office hours. Those visiting the public review display can submit feedback and/or comments via a digital feedback form. The 30-day public display concluded on March 16, 2026, with zero comments.

Board of Education Regular Meeting

BUSINESS MATHEMATICS CURRICULUM ADOPTION

Background

In accordance with Board Policy 6161, recommendations are made to the Board of Education for the adoption of basic and supplementary textbooks. Our current High School Business Mathematics materials, with a copyright of 2010, were adopted in 2018, and the publisher retired the online platform at the conclusion of the 24-25 school year.

The four high school Business Math teachers met in the Spring of 2025 and evaluated options from four different publishers. The two preferred options were selected for closer evaluation. Along with demo accounts, teachers met with both publishers online to further explore the materials and features, including all available teacher and student print and digital resources. Teachers could use their demonstration accounts to teach lessons and get informal feedback from students. Teachers met again in December 2025 and made a unanimous selection.

The recommended Business Math textbook, Pearson *Business Mathematics,* was recommended by the Curriculum Council on January 29 and voted 30 Aye, 0 No, and 0 Abstain for Board approval. On January 30, after posting information to the district website, a 30-day public display of the curriculum was set up at the PYLUSD district office, allowing members of the PYLUSD community to visit and review hardcopy and digital materials during office hours. Those visiting the public review display can submit feedback and/or comments via a digital feedback form. The 30-day public display concluded on March 16, 2026, with no comments.
