BOARD SELF-EVALUATION

The Governing Board shall conduct a self-evaluation on a biennial basis in order to demonstrate accountability to the community and ensure that district governance effectively supports student achievement and the attainment of the district's vision and goals. The self-evaluation should be scheduled at the Board's discretion but no sooner than 12 months after Board election that installed new Board members.

The evaluation shall address any area of Board responsibility, including, but not limited to, Board performance in relation to vision setting, curriculum, personnel, finance, policy development, collective bargaining, community relations, and advocacy. The evaluation may also address objectives related to Board meeting operations, relationships among Board members, relationship with the Superintendent, understanding of Board and Superintendent roles and responsibilities, communication skills, or other governance or boardsmanship skills.

The Board shall evaluate itself as a whole. Individual Board members are also expected to use the evaluation process as an opportunity to assess and set goals for their own personal performance.

The Board, with assistance from the Superintendent, shall determine an evaluation method or instrument that measures key components of board responsibility and previously identified performance objectives. Visual and/or audio recordings of a Board meeting may only be used as an evaluation tool when consent is given by all Board members.

Any discussion involving the Board's self-evaluation shall be conducted in open session.

At the request of the Board, a facilitator may be used to assist with the evaluation process. The Board may invite the Superintendent or other individual(s) with pertinent information to provide input into the evaluation process.

Following the evaluation, the Board shall set goals, define and/or refine protocols, and establish priorities and objectives for subsequent evaluations. The Board shall also develop strategies for strengthening Board performance based on identified areas of need, including, but not limited to, Board trainings by professional organizations.

Bylaw revised: 3/8/2022

PLACENTIA-YORBA LINDA UNIFIED SCHOOL DISTRICT**RESOLUTION NO. 21-18 TO ADOPT DISTRICT-SPECIFIC DECISION TREE FOR COVID-19 SYMPTOMS**

WHEREAS, on or about January 14, 2022, the Orange County Health Care Agency ("OC Health") issued revised orders concerning the "decision tree" for addressing student coronavirus (COVID-19) exposures and symptoms;

WHEREAS, within the symptom "decision tree," OC Health provides Self-Isolation and Self-Quarantine Orders for "up-to-date" students and "not up-to-date" students who have been exposed to COVID-19 and/or have tested positive for COVID-19; and

WHEREAS, OC Health defines "up-to-date" individuals as individuals who, "have completed a primary series of COVID-19 vaccine and have either received a booster shot or are not yet recommended to receive a booster dose according to current CDC guidance. Those less than 12 years of age are considered up-to-date with their COVID-19 vaccinations if they have completed their primary series according to CDC guidance"; and

WHEREAS, OC Health defines "not up-to-date" individuals as individuals who, "do not meet the criteria under up-to-date with COVID-19 vaccination...are considered 'not up-to-date' with their COVID-19 vaccination"; and

WHEREAS, if a "not up-to-date" student is exposed to COVID-19 in his or her household, OC Health requires these students to quarantine for at least five (5) days after the last exposure to a COVID-19 positive household member, but the quarantine can end after five (5) days if the student is asymptomatic and tests negative for COVID-19 on or after day five. "Not up-to-date" individuals who are unable to or choose not to follow these protocols are required to quarantine for ten (10) days after the most recent exposure; and

WHEREAS, OC Health does not impose the same quarantine requirements on "up-to-date" students who are exposed to COVID-19 in their households; and

NOW, THEREFORE, BE IT RESOLVED that the Governing Board of Placentia-Yorba Linda Unified School District does not believe OC Health's differential treatment of "up-to-date" students and "not up-to-date" students is fair.

BE IT FURTHER RESOLVED, the Governing Board of Placentia-Yorba Linda Unified School District recognizes that OC Health's orders regarding quarantine protocols for "not up-to-date" students establish baseline protocols that cannot be unilaterally weakened by the Board without subjecting the District to potential liability.

BE IT FURTHER RESOLVED, the Governing Board of the Placentia-Yorba Linda Unified School District modifies OC Health's Self-Isolation and Self-Quarantine Orders as follows:

1. "Up-to-date" students who are exposed to someone with COVID-19 outside of the school setting or in their household shall be required to follow the same quarantine protocols that "not up-to-date" students are required to follow. This means that "up-to-date" students shall be required to quarantine for at least five (5) days after the last exposure to a COVID-19 positive household member, but the quarantine can end after five (5) days if the student is asymptomatic and tests negative for COVID-19 on or after day five.
2. Because the requirements being imposed by the Board on "up-to-date" students are based on fairness concerns and not on a medical or public health requirement, "up-to-date" students who have Individualized Education Plans ("IEP's") are exempted from the requirements of this resolution in order to ensure the District remains in compliance with the students' IEP's and the District's legal obligation to provide a Free and Appropriate Public Education ("FAPE").
3. This Resolution shall be effective immediately upon adoption by the Governing Board.

PASSED AND ADOPTED by the following vote of the Governing Board of Placentia-Yorba Linda Unified School District, County of Orange, State of California on March 8, 2022.

BACKGROUND: Per the request of some Board members, the attached Resolution No. 21-12 was drafted by the Placentia-Yorba Linda Unified School District Board of Education concerning District teaching of critical race theory as a framework on matters related to race.

At the March 23, 2022 Special Meeting of the Board of Education, the Board requested that Resolution No. 21-12 be placed on the April 5, 2022 Board Agenda for a vote.

RATIONALE: The Placentia-Yorba Linda Unified School District stands strongly with our staff, families, and community and vows to reflect upon its policies, values, goals, and missions to ensure its commitment to all.

FUNDING: No cost to the district

BOARD FOCUS AREA: This board agenda item supports Focus Area 4.0, Safe and respectful environment – “A safe and respectful environment is essential to student success. We foster a culture that promotes the emotional health, safety, and well-being of students, staff, and parents.”

RECOMMENDATION: Vote on Resolution No 21-12 concerning District teaching of critical race theory as a framework on matters related to race.

PREPARED BY: Annette Newton, Executive Assistant to the Superintendent

**PLACENTIA-YORBA LINDA UNIFIED SCHOOL DISTRICT
RESOLUTION NO. 21-12**

**RESOLUTION CONCERNING DISTRICT TEACHING OF CRITICAL RACE THEORY (CRT) AS A
FRAMEWORK ON MATTERS RELATING TO RACE**

WHEREAS, All students deserve a high-quality education and experiences in the Placentia-Yorba Linda Unified School District; and

WHEREAS, Nothing in this resolution shall be construed to restrict academic freedom or student speech; and

WHEREAS, Nothing in this resolution shall require any staff member to violate local, state, or federal law as well as California Education Code; and

WHEREAS, This resolution has to do with how topics of race will be taught in this district, not what topics will be taught; and

WHEREAS, Critical Race Theory or other similar frameworks will not be used as a source to guide how topics related to race will be taught; and

WHEREAS, The Placentia-Yorba Linda Unified School District Board of Education affirms its commitment and expectation that teachers will rely on the Board of Education adopted curriculum as the authoritative source for the content of instruction to provide a comprehensive education; and

WHEREAS, The Placentia-Yorba Linda Unified School District values all students and promotes equity and equality, respects diversity, celebrates the contributions of all, and encourages culturally relevant and inclusive teaching practices. The Placentia-Yorba Linda Unified School District further believes that the diversity that exists among the District's community of students, staff, parents, guardians, and community members is an asset to be honored and valued; and

WHEREAS, The Placentia-Yorba Linda Unified School District condemns racism (a prejudged attitude and discriminatory behavior against individuals or groups on the grounds of race) and will not tolerate racism, racist conduct, bigotry, or anything that constitutes hate crimes. (Placentia-Yorba Linda Unified School District Board Resolution No. 20-04, July 7, 2020; Ed Code 220; Penal Code 422.55); and

WHEREAS, Each individual can choose not to hold racist views and should be expected to do so, and that we can and should see one another as humans first; and

WHEREAS, The Placentia-Yorba Linda Unified School District desires to uplift and unite students by not imposing the responsibility of historical transgressions in the past and instead will engage students of all cultures in age-appropriate critical thinking that helps students navigate the past, present, and future; and

WHEREAS, The Placentia-Yorba Linda Unified School District is committed to maintaining a safe, positive school environment where all students, staff, parents, guardians, and community members are treated with respect and dignity, and where we can and will serve and celebrate students through academic excellence; and

THEREFORE, BE IT RESOLVED, The Placentia-Yorba Linda Unified School District honors the experiences of all students by encouraging instruction that explores the history, philosophy, and structures that comprise the American experience. The Board of Education seeks to support the teaching of respectful communication, empathy, and understanding by allowing students to see themselves and each other as part of the narrative.

BE IT ALSO RESOLVED, That the District supports efforts in education to promote equity, respect, diversity; celebrate the contributions of all; and encourage culturally relevant and inclusive teaching practices, but will not allow the use of Critical Race Theory as a framework to guide such efforts.

BE IT ALSO RESOLVED, The California Ethnic Studies Model Curriculum defines Critical Race Theory as a practice of interrogating race and racism in society. CRT recognizes that race is not biologically real but is socially constructed and socially significant. It acknowledges that racism is embedded within systems and institutions that replicate racial inequality—codified in law, embedded in structures, and woven into public policy.

BE IT FINALLY RESOLVED, The Placentia-Yorba Linda Unified School District will not include Critical Race Theory as a framework in any course offerings.

SUBJECT: **HIGH SCHOOL SCIENCE 30-DAY PUBLIC DISPLAY**
DATE: April 5, 2022

BACKGROUND: In accordance with Board Policy 6161, recommendations are made to the Board of Education for the adoption of basic and supplementary textbooks.

RATIONALE: The Next Generation Science Standards (NGSS) were adopted in California in 2013. With the adoption of new textbooks, our students and teachers will have access to the most current science materials. For the pilot, the discipline-specific steering committee and pilot teachers employed the data-driven Time Toolkit that is CDE approved and NGSS authored. After months of dedicated work and evidence collection, our pilot teachers are recommending the following phenomena-based materials that emphasize hands-on, inquiry based learning.

Living Earth - *Inquiry Hub*
Chemistry in the Earth System - *STEMScopes*
Physics in the Universe - *Physics Experience*

In 2009, instructional materials were adopted for the anatomy and physiology course offered at three high schools. Beginning in fall of 2022, we will offer anatomy and physiology at five of our secondary sites. Because the current texts are no longer in usable condition, the instructors for this course have selected *Welsh Hole's Essentials of Anatomy and Physiology*, for their adoption.

Also beginning in fall 2022, all comprehensive high schools and Parkview School will offer environmental science. Our current Advanced Placement Environmental Science and future college preparatory environmental science teachers were invited to review several texts. Their unanimous selection was *Environmental Science, Your World, Your Turn*. This text provides a comprehensive curriculum that supports but does not interfere with Advanced Placement Environmental Science.

Currently, our Advanced Placement instructors are using textbooks that vary from site to site. The current textbooks are between 12 to 15 years old and not aligned with the current Advanced Placement standards. In early spring 2022, the Advanced Placement instructors of each science discipline across the district came together to unanimously select Advanced Placement books for adoption. It was determined that these selected materials contain the most recent scientific findings and research and will provide the best learning experience while meeting the rigor and expectations of the Advanced Placement exams.

AP Biology - *Campbell Biology*

AP Chemistry - *Chemistry A Molecular Approach*

AP Physics - *College Physics Explore and Apply*

Pending approval by the Board, the recommended high school science textbooks will be on display for review at the Professional Development Academy for thirty days.

FUNDING:

Instructional Materials Fund (Lottery) - budgeted amount \$2.5 million

BOARD FOCUS AREA:

This board agenda item supports Focus Area 1.0, *Academic Achievement* – “Student achievement is at the core of the PYLUSD mission and vision. We expect all students to demonstrate continued and improved academic achievement in order to emerge college and career ready. In addition, students are provided an array of enrichment opportunities to expand their educational experience.”

RECOMMENDATION:

Approve a 30-day display of the following science textbooks for Grades 9-12 for the adoption process at the Professional Development Academy (PDA):

- ***Campbell Biology, 12e***, for AP Biology adoption
- ***Chemistry: A Molecular Approach, 6e***, for AP Chemistry adoption
- ***College Physics: Explore and Apply, 2e***, for AP Physics adoption
- ***Inquiry Hub*** for Living Earth adoption
- ***Physics Experience*** for Physics in the Universe adoption
- ***Welsh, Hole’s Essentials of Anatomy and Physiology, 2e***, for CP Anatomy and Physiology adoption
- ***Environmental Science, Your World, Your Turn*** for CP Environmental Science adoption
- ***STEMScopes*** for Chemistry in the Earth System adoption

Proposals will have thorough staff evaluation, Curriculum Council review, and approval of the Superintendent before they shall be recommended for adoption to the Board of Education.

RATIONALE: PYLUSD has created a yearlong elective multicultural studies course to begin in 2022-23. This course includes the essential elements of the ethnic studies coursework but is specifically tailored to mirror the students and community that PYLUSD serves. PYLUSD honored input from numerous educational partners within our community by establishing a history-social science elective course that is inclusive of our student population and includes a representation of all student voices.

Students in 11th and 12th grade will be eligible to take multicultural studies, an elective course that has been created by PYLUSD staff. Students will be provided with the opportunity to learn about histories, cultures, and contributions of diverse groups represented in the United States and their very own communities. The course aims to empower student voices as they see themselves, and each other, as a part of the historical narrative and their present day community.

The goal of the course is to promote respect and empathy within our diverse world. The course also aims to build a deeper sense of belonging to school and help students find their place in our complex society.

Multicultural studies was recommended by the Curriculum Council on February 22, 2022. Pending approval by the Board, the recommended course will be on display for public review at the Professional Development Academy for a minimum of thirty days.

FUNDING: Textbook/Lottery, Educator Effectiveness Grant

BOARD FOCUS AREA: This board agenda item supports Focus Area 1.0, *Academic Achievement* – “Student achievement is at the core of the PYLUSD mission and vision. We expect all students to demonstrate continued and improved academic achievement in order to emerge college and career ready. In addition, students are provided an array of enrichment opportunities to expand their educational experience.”

SUBJECT: **DISPOSAL OF SURPLUS PROPERTY - OBSOLETE MATERIALS, SUPPLIES, AND EQUIPMENT**

DATE: April 5, 2022

BACKGROUND: The District has a contract in place to conduct public auctions on behalf of the district for the disposal of surplus and obsolete property. As the property is identified, a listing is brought to the Board to request the property be declared surplus and authorize staff to dispose of it in the appropriate manner. The majority of these items are obsolete.

Education Code 17545(a) authorizes the governing Board to sell for cash any property belonging to the district if the property is not required for school purposes, is in unsatisfactory condition or not suitable for school use. Since the storage of these items takes up valuable space, the district would like to proceed to dispose of these items by means of a public auction conducted by contract with a private auction firm.

RATIONALE: By approving this request, the Board will be authorizing the district to properly dispose of the list of surplus property, allow a private auction firm to execute a public auction, and authorize disposal by other legal means if such property is not sold.

FUNDING: Additional local income is anticipated.

BOARD FOCUS AREA: This board agenda item supports Focus Area 5.0, *Optimized Resources* – “A critical measure of a school district’s performance is the effectiveness with which it utilizes and generates resources. We ensure that all fiscal and capital resources maximize educational opportunities.”

When textbooks become outdated, have exceeded the adoption period, and do not meet other legal criteria, the Board of Education designates them as obsolete. The textbooks are then disposed of pursuant to Education Code Chapter 4, Article 1, Sections 60510-60511, which states, in part, that books may be disposed of: "...in any of the following ways: (a) By donation to a governing board, county free library, or other state institution. SUBJECT: AUCTION SERVICES

DATE: April 5, 2022

BACKGROUND: The District accumulates surplus property from various departments through the replacement of old and/or obsolete equipment. Education Code 17545(a) states: "The governing board of any school district may sell for cash any property belonging to the district if the property is not required for school purposes, or it is unsatisfactory or not suitable for school use." Since the storage of these items takes up valuable space, the district would like to proceed to dispose of these items by means of a public auction conducted by contract with a private auction firm. For those items that do not sell, Board authorization is required to declare the property of insufficient value to defray the costs of arranging for another sale and to dispose of said property by other means (Ed Code 17546(c)).

The District contracts with General Auction Company to provide auction services for surplus items as needed, and uses TLC Auctions as a backup auction company. Staff is seeking approval to contract with TLC Auctions as the sole auction provider effective April 6, 2022. TLC Auctions will remove surplus items from the district, transport items to their facility, and process all items for auction.

SUBJECT: **PLAYWORKS PROGRAM - RECESS REBOOT**
DATE: April 5, 2022

BACKGROUND: One of the most overlooked tools in education is the power of play. Recess and extended playtime provide children with the opportunity to solve problems, make decisions, take turns, express their ideas, and listen to others. Playworks leverages the power of play to bring out the best in every child by helping schools, districts, youth programs, and other organizations make the most of recess (or their play time) through on-site staffing, consultative support, professional development, and free resources. Playworks will provide four days of on-site staff development to consult, train, and launch structured games at recess. They will work with teachers, noon duty supervisors, and classes of students. Additionally, a team of students will be trained that can be used as peer models. The Playworks' trainers will model and teach strategies, games, and systems to develop and sustain a positive environment where students can engage and enjoy their time outdoors socially and appropriately.

RATIONALE: This agreement establishes Playworks' intentions to provide comprehensive onsite consulting and support delivered by an experienced Playworks site coordinator who will be onsite to model and teach strategies, games, and systems to develop and sustain a positive educational culture for everyone, starting at recess. It will also help the schools determine updated playground rules that can be posted around the playground as part of our schoolwide PBIS program. Finally, Playworks has an extensive list of new games with rules that will help engage many more students than traditional rules. This will increase students' ability to play more and wait in turn less. All of these benefits will decrease student behaviors and simply be more fun for our students.

FUNDING: ESSER III Grant Funds: \$12,000 per site

BOARD FOCUS AREA: This board agenda item supports Focus Area 4.0, *Safe and Respectful Environment* – "A safe and respectful environment is essential to student success. We foster a culture that promotes the emotional health, safety, and well-being of students, staff, and parents."
