**BOARD REPORT**

1. Mr. Eric Padget attended the Creative Arts Award event at Esperanza High School on April 2, 2012 and commented on the large number of students receiving awards. He also attended the Superintendent's Community Advisory Council meeting on April 23, 2012 and especially enjoyed the "good news reports." Mr. Padget indicated that, with the help of Assistant Superintendent Doug Domene and Esperanza football coach Greg Kemp, stickers honoring EHS alumnus Joel Brattain who was killed in action, were placed on the helmets of the football team. Mr. Padget also sent a letter to Joel's father regarding this. Mr. Padget shared that banners have been placed along Yorba Linda Boulevard honoring local Gold and Blue Star military personnel. He was also pleased to have attended a fundraising event on St. Patrick's Day for Yorba Linda High School student Zack Collie who suffered a spinal cord injury in 2010. Mr. Padget highlighted an article in El Dorado High School's *Hawk Feathers* publication which was very impressive, commended Yorba Linda Middle School's Jazz Band and director Dan Methe for their professionalism at a recent festival, and shared briefly regarding a competition in which Esperanza High School Engineering and Manufacturing Academy students had recently competed.

**BOARD REPORT, Continued**

2. Mrs. Judi Carmona attended a special concert by Eric Litwin for preppy kindergarten students and their families on March 29, 2012 which was a lot of fun. She was pleased to have attended the opening of the district's Artworks! Show and highly recommended it to those who may not yet have attended. Mrs. Carmona commented on the astonishing number of district seventh-grade students who were recognized for perfect scores on a geography exam at a recent ceremony at the Nixon Library. Mrs. Carmona mentioned that school site visits are always an important part of her week and commended Tuffree Middle School's Jazz Band for their invitation to be the last band to perform at Disneyland's Garden Plaza on Sunday, April 22, 2012. Mrs. Carmona and her family plan to attend the event.
3. Mrs. Carrie Buck shared information she had received from a recent CEC (Council for Exceptional Children) Convention. Mrs. Buck has visited a number of schools and commented in particular on her visit to Linda Vista Elementary School where singer/songwriter Charlotte Diamond had provided a performance for the children. Mrs. Buck looks forward to attending the 2012 Orange County Human Relations Awards 41 event on May 10, 2012 which will be honoring Valadez Middle School Academy as the 2012 Award Recipient. Mrs. Buck enjoyed the community tour of Yorba Linda High School and mentioned that she had contacted Senator Huff's office to offer him a tour of the school in the future should he so desire. She was also pleased to have provided assistance at the student scholarship golf tournament hosted by the Yorba Linda Chamber of Commerce. Mrs. Buck shared briefly regarding an article which was included in a recent edition of *The Aztlan*, Esperanza High School's student publication.
4. Mrs. Carol Downey also participated in the Yorba Linda High School community tour and commented on the number of individuals from the community who had attended. She commented in particular on the music provided by the school's orchestra. Board members briefly discussed attendance at the various end-of-the-year events.
5. Mrs. Karin Freeman attended a North Orange County Regional Occupation Program meeting last week and spoke briefly regarding the recent student design-build competition on April 14-15, 2012 held at the Youth Expo Center. Mrs. Freeman indicated that students from Esperanza High School's Medical Science Academy had won a number of awards at a recent HOSA (Health Occupations Students of America) competition and that EHS student Rebekah Catron had been elected to serve as California HOSA president elect. Mrs. Freeman shared an article regarding online courses offered by California State University, Fullerton, on combating bullying as well as an article by Jim Drummond in the *Yorba Linda Star* on the impact of infill housing on schools. Mrs. Freeman reported that CSBA's Board Member Action Day (B-MAD), which replaces CSBA's Legislative Action Conference, is scheduled for June 1, 2012. She also indicated that she had served as a panel member interviewing students relative to careers with children at the NOCROP Celebration of Success event.

**RESOLUTION NO. 20****RESOLUTION OF THE GOVERNING BOARD OF THE PLACENTIA-YORBA LINDA UNIFIED SCHOOL DISTRICT TO APPROVE SCHOOL FEE JUSTIFICATION STUDIES AND ADOPT STATUTORY SCHOOL FEES IMPOSED ON RESIDENTIAL AND COMMERCIAL/INDUSTRIAL DEVELOPMENT PROJECTS PURSUANT TO EDUCATION CODE SECTION 17620 AND GOVERNMENT CODE SECTION 65995 ET SEQ. (LEVEL 1 FEES)**

**WHEREAS**, the Governing Board ("Board") of the Placentia-Yorba Linda Unified School District ("District") provides for the educational needs for K-12 students within its boundaries; and

**WHEREAS**, the Board of the District has previously adopted and imposed statutory school fees ("Statutory School Fees") pursuant to Education Code Sections 17620, et seq. and Government Code Sections 65995, et seq. ("School Fee Legislation") in the amounts of \$2.97 per square foot of assessable space of residential development in the District, and \$0.47 per square foot of chargeable covered and enclosed space for all categories of new commercial/industrial development in the District for the purpose of funding construction and reconstruction of school facilities; and

**WHEREAS**, The State Allocation Board has taken action pursuant to Government Code Section 65995(b)(3), which authorizes school districts to increase statutory school fees to \$3.20 per square foot for assessable space of residential development and \$0.51 per square foot of chargeable covered and enclosed space for commercial/industrial development, as long as such increases are properly justified by the District pursuant to law; and

**WHEREAS**, residential and commercial/industrial development continue to generate additional students for the District's schools and the District is required to provide school facilities ("School Facilities") to accommodate those students; and

**WHEREAS**, overcrowded schools within the District have an impact on the District's ability to provide an adequate quality education and negatively impacts the educational opportunities for the District's students; and

**WHEREAS**, the District does not have sufficient funds available for the construction or reconstruction of the School Facilities to accommodate students generated from residential or commercial/industrial development; and

**WHEREAS**, the Board of the District has received and considered reports entitled, "Residential Development School Fee Justification Study," dated April 5, 2012, and "Commercial/Industrial Development School Fee Justification Study," dated April 5, 2012 each prepared for the District by consulting firm Dolinka Group, Inc. in accordance with Education Code Section 17620 and Government Code Sections 665995, et seq. ("Reports"), which Reports, collectively, include information, documentation, and analysis of the School Facilities needs of the District, including (a) the purpose of the Statutory School Fees; (b) the use to which the Statutory School Fees are to be put; (c) the nexus (roughly proportional and reasonable relationship) between residential and commercial/industrial development and the following: (1) the use for Statutory School Fees; (2) the need for School Facilities; (3) the cost of School Facilities and the amount of Statutory School Fees from residential and commercial/industrial development; (d) a determination of the impact of the increased number of employees anticipated to result from the commercial/industrial development (by category) upon the cost of providing School Facilities within the District; (e) an evaluation and projection of the number of students that will be generated by residential development; (f) the new School Facilities that will be required to serve such students; and (g) the cost of such School Facilities; and

**WHEREAS**, said Reports pertaining to the Statutory School Fees and to the capital facilities needs of the District were made available to the public, as required by law, before the Board considered same at a regularly scheduled public meeting regarding the proposed increases in the Statutory School Fees; and

**WHEREAS**, all required notices of the proposed increases in the Statutory School Fees have been given; and

**WHEREAS**, a public hearing was held at a regularly scheduled meeting of the Board of the District relating to the proposed increases in the Statutory School Fees; and

**WHEREAS**, Education Code Section 17621 provides that the adoption, increase or imposition of any fee, charge, dedication, or other requirement, pursuant to Education Code Section 17620 shall not be subject to Division 13 (commencing with Section 21000) of the Public Resources Code.

**NOW, THEREFORE**, be it resolved by the Board of the Placentia-Yorba Linda Unified School District as follows:

1. That the above recitals are true and correct.
2. That the Board accepts and adopts the Reports.
3. That the Board finds that the purpose of the Statutory School Fees imposed upon residential development is to fund the construction and/or reconstruction of School Facilities as authorized pursuant to the School Fee Legislation which is required to serve the students generated by the residential development upon which the Statutory School Fees are imposed.
4. That the Board finds that the Statutory School Fees imposed on residential development will be used only to finance those School Facilities described in the Reports and related documents and that these School Facilities are required to serve the students generated by the residential development within the District; and that subject to any limitations set forth in the School Fee Legislation, the use of the Statutory School Fees will include construction or acquisition of School Facilities, remodeling existing School Facilities, the addition of technology, and acquiring and installing additional portable classrooms and related School Facilities, with the specific location of new schools, remodeling of existing School Facilities, and additional portables to be determined based on the residence of the students being generated by such residential development, as well as any required central administrative and support facilities, within the District plus any studies authorized pursuant to Education Code Section 17620(a)(5).
5. That the Board finds that there is a roughly proportional, reasonable relationship between the use of the Statutory School Fees and the residential development within the District because the Statutory School Fees imposed on residential development by this Resolution, will be used to fund School Facilities which will be used to serve the students generated by such residential development.
6. That the Board finds that there is a roughly proportional, reasonable relationship between the residential development upon which the Statutory School Fees are imposed, and the need for School Facilities in the District because new students will be generated from residential development within the District and the District does not have student capacity in the existing School Facilities to accommodate these students.

7. That the Board finds that the amount of the Statutory School Fees levied on residential development as set forth in this Resolution is roughly proportional and reasonably related to, and does not exceed the cost of, providing the School Facilities required to serve the students generated by such residential development within the District.

8. That the Board finds that the purpose of the Statutory School Fees imposed on new commercial/industrial development is to fund School Facilities required to serve the students generated by the new commercial/industrial development upon which the Statutory School Fees are imposed.

9. That the Board finds that the Statutory School Fees imposed on new commercial/industrial development (by category) will be used only to finance those School Facilities described in the Report and related documents and that subject to any limitations set forth in the School Fee Legislation, these School Facilities are required to serve the students generated by such new commercial/industrial development; and that the use of the Statutory School Fees will include construction or acquisition of additional School Facilities, remodeling existing School Facilities, the addition of technology, and acquiring and installing additional portable classrooms and related facilities, with the specific location of new schools, remodeling of existing School Facilities, and additional portables to be determined based on the residence of the students being generated by such new commercial/industrial development, as well as any required central administrative and support facilities within the District plus any studies authorized pursuant to Education Code Section 17620(a)(5).

10. That the Board finds that there is a roughly proportional, reasonable relationship between the use of the Statutory School Fees and new commercial/industrial development by category within the District because the Statutory School Fees imposed on commercial/industrial development by this Resolution, will be used to fund School Facilities which will be used to serve the students generated by such new commercial/industrial development.

11. That the Board finds that there is a roughly proportional, reasonable relationship between the commercial/industrial development by category, upon which the Statutory School Fees are imposed, and the need for additional School Facilities in the District because new students will be generated from commercial/industrial development within the District and the District does not have student capacity in the existing School Facilities to accommodate these students.

12. That the Board finds that the amount of the Statutory School Fees levied on commercial/industrial development by category as set forth in this Resolution is roughly proportional and reasonably related to and does not exceed the cost of providing the School Facilities required to serve the students generated by such commercial/industrial development within the District.

13. That the Board finds that a separate account has been established for the deposit of Statutory School Fees imposed on residential and commercial/industrial development and that said account has at all times since been separately maintained, except for temporary investments, from other funds of the District.

14. That the Board finds that the funds of the account, described in Section 13, consisting of the proceeds of Statutory School Fees have been imposed for the purposes of constructing and reconstructing those School Facilities necessitated by new residential and commercial/industrial development, and thus, these funds may be expended for those purposes. The Statutory School Fees may also be expended by the District for the costs of performing any study or otherwise making the findings and determinations required under subdivisions (a), (b), and (d) of Section 66001 of the Government Code. In addition, the District may also retain, as appropriate, an amount not to exceed in any fiscal year, three percent (3%) of the fees collected in that fiscal year pursuant to Education Code Section 17620 for reimbursement of the administrative costs incurred by the District in collecting the Statutory School Fees.

15. That the Board hereby adopts the increased Statutory School Fees as a condition of approval for residential development projects and imposes the Statutory School Fees on such development projects in the following amounts:

- (a) \$3.20 per square foot of assessable space for residential construction as set forth in Education Code Section 17620(a)(1)(B)(C) and (D), including new residential construction; other residential construction; and manufactured homes and mobile homes as authorized under Education Code Section 17625, except for any construction described in Government Code Sections 65995.1 or 65996.2 (“Seniors and Migrant Worker Housing”).
- (b) \$0.51 per square feet of assessable space (as defined in the School Fee Legislation) for Senior Housing.

16. That this Board hereby adopts the increased Statutory School Fees as a condition of approval of commercial/industrial development projects and levies the Statutory School Fees on such development projects in the following amounts per square foot of chargeable covered and enclosed space (as defined in the School Fee Legislation):

- (a) \$0.359 for Retail and Services, \$0.51 for Office, \$0.491 for Research and Development, \$0.431 Industrial/Warehouse/Manufacturing, \$0.447 Hospital, and \$0.182 Hotel/Motel per square foot per square foot for commercial/industrial development.

17. That the proceeds of the Statutory School Fees increased and established pursuant to this Resolution shall continue to be deposited into that account identified in Section 13 of this Resolution, the proceeds of which shall be used exclusively for the purpose for which the Statutory School Fees are to be collected, including accomplishing any study, findings or determinations required by subdivisions (a), (b) and (d) of Section 66001 of the Government Code or retaining an amount not to exceed in any fiscal year, three percent (3%) of the fees collected in that fiscal year pursuant to Education Code Section 17620 for reimbursement of the administrative costs incurred by the District in collecting the Statutory School Fees or in financing the described Report or in defending the imposition of Statutory School Fees.

18. That the Superintendent, or his or her designee, is directed to cause a copy of this Resolution to be delivered to the building official of the cities within the District’s boundaries, the county and the Office of Statewide Health Planning and Development (“OSHPD”) along with a copy of the Reports or any other supporting documentation referenced herein and a map of the District clearly indicating the boundaries thereof, advising the cities, county and OSHPD that new residential and commercial/industrial development is subject to the Statutory School Fees increased and adopted pursuant to this Resolution and requesting that no building permit or approval for occupancy be issued by any of these entities for any residential development project, mobile home or manufactured home subject to the Statutory School Fees absent a certification from this District of compliance of such project with the requirements of the Statutory School Fees, nor that any building permit be issued for any non-residential development absent a certification from this District of compliance with the requirements of the applicable Statutory School Fees.

19. That the Board hereby establishes a process that permits the party against whom the commercial/industrial Statutory School Fees are imposed, the opportunity for a hearing to appeal that imposition of Statutory School Fees for commercial/industrial development as required by Education Code Section 17621(e)(2). The appeal process is as follows:

- (a) Within ten (10) calendar days of being notified, in writing, (by personal delivery or deposit in the U.S. Mail) of the commercial/industrial Statutory School Fees to be imposed or paying the commercial/industrial Statutory School Fees, pursuant to Education Code Section 17620, a party shall file a written request for a hearing regarding the imposition of commercial/industrial Statutory School Fees. The party shall state in the written request the grounds for opposing the imposition of commercial/industrial Statutory School Fees and said written request shall be served by personal delivery or certified or registered mail to the Superintendent of the District.
- (b) The possible grounds for that appeal include, but are not limited to, the inaccuracy of including the project within the category pursuant to which the commercial/industrial Statutory School Fees are to be imposed, or that the employee generation or pupil generation factors utilized under the applicable category are inaccurate as applied to the project.
- (c) Within ten (10) calendar days of receipt of the written request for a hearing regarding the imposition of commercial/industrial Statutory School Fees, the Superintendent of the District, or his or her designee, shall give notice in writing of the date, place and time of the hearing to the party appealing the imposition of commercial/industrial Statutory School Fees. The Superintendent, or his or her designee, shall schedule and conduct said hearing within thirty (30) calendar days of receipt of the written request. The Superintendent, or his or her designee, shall render a written decision within ten (10) days following the hearing on the party's appeal and serve it by certified or registered mail to the last known address of the party.
- (d) The party against whom the commercial/industrial Statutory School Fees are imposed may appeal the Superintendent's, or his or her designee's, decision to the Board of the District.
- (e) The party appealing the Superintendent's, or his or her designee's decision, shall state in the written appeal the grounds for opposing the imposition of the commercial/industrial Statutory School Fees and said written appeal shall be served by personal delivery or certified or registered mail to the Superintendent of the District.
- (f) The possible grounds for that appeal to the Board of the District include, but are not limited to, the inaccuracy of including the project within the category pursuant to which the commercial/industrial Statutory School Fees are to be imposed, or that the employee generation or pupil generation factors utilized under the applicable category are inaccurate as applied to the project.
- (g) Within ten (10) calendar days of receipt of the written request for a hearing regarding the imposition of commercial/industrial Statutory School Fees, the Superintendent of the District, or his or her designee, shall give notice in writing of the date, place and time of the hearing to the party appealing the imposition of commercial/industrial Statutory School Fees. The Board of the District, shall schedule and conduct said hearing at the next regular meeting of the Board, provided that the party is given notice at least five (5) working days prior to the regular meeting of the Board. The Board shall render a written decision within ten (10) days following the hearing on the party's appeal and serve the decision by certified or registered mail to the last known address of the party.

- (h) The party appealing the imposition of the commercial/industrial Statutory School Fees shall bear the burden of establishing that the commercial/industrial Statutory School Fees are improper.

20. That the Superintendent is authorized to cause a certificate of compliance to be issued for each development project, mobile home, manufactured home and commercial/industrial development for which there is compliance with the requirement for payment of the Statutory School Fees in the amount specified by this Resolution. In the event a certificate of compliance is issued for the payment of Statutory School Fees for a development project, mobile home, manufactured home or commercial/industrial development and it is later determined that the statement or other representation made by an authorized party concerning the development project as to square footage is untrue, then such certificate shall automatically terminate and the appropriate city, county or OSHPD shall be so notified.

21. That no statement or provision set forth in this Resolution, or referred to therein shall be construed to repeal any preexisting fee previously imposed by the District on any residential or nonresidential development. Notwithstanding the preceding, if the District adopts alternative school facilities fees for new residential construction pursuant to Government Code Sections 65995.5, 65995.6 and/or 65995.7 ("Alternative School Facilities Fees"), the District is hereby authorized to collect the Alternative School Facilities Fees in lieu of the Statutory School Fee with respect to new residential construction. If the Alternative School Facilities Fees should lapse or be terminated, then the Statutory School Fees shall be collected for new residential construction at the amount set forth in this Resolution.

22. That the increase in the District's Statutory School Fees will become effective sixty (60) days from the date of this Resolution unless a separate resolution increasing the fees immediately on an urgency basis is adopted by the Board.

**PLACENTIA-YORBA LINDA UNIFIED SCHOOL DISTRICT**

**Resolution No. 23**

**California Day of the Teacher Proclamation**

**WHEREAS**, Wednesday, May 9, 2012, is California Day of the Teacher, and

**WHEREAS**, Placentia-Yorba Linda Unified School District teachers are among the best and brightest teachers; and

**WHEREAS**, teachers work to open students' minds to ideas, knowledge and dreams; and

**WHEREAS**, teachers fill many roles, as listeners, explorers, role models, motivators and mentors; and

**WHEREAS**, teachers continue to influence us long after our school days are only memories; and

**WHEREAS**, the Placentia-Yorba Linda Unified School District has a cadre of excellent, caring teachers who devote their lives to providing students an excellent education;

**NOW, THEREFORE, BE IT RESOLVED** that the Placentia-Yorba Linda Unified School District Board of Education designates May 9, 2012 as California Day of the Teacher. The Board encourages all students, parents, and community members to participate in celebrations that express and show appreciation to the amazing teachers throughout the Placentia-Yorba Linda Unified School District.
