SCHOOL-SPONSORED TRIPS

The Governing Board recognizes that school-sponsored trips are an important component of a student's development and supplement and enrich the classroom learning experience. School-sponsored trips may be conducted in connection with the district's course of study or school-related social, educational, cultural, athletic, school band activities, or other extracurricular or cocurricular activities inclusive of, but not limited to, days of regular student attendance.

The Board will support such trips when appropriate considerations and judgments have been given to the benefits, costs, and risks of such trips. For the purposes of this policy, the Board recognizes regular school-sponsored trips, and extended school-sponsored trips taken during and outside the days of regular student attendance. The specific definition of these various school-sponsored trips and requirements relating to the conduct of these school-sponsored trips shall be established in administrative regulations. All personnel will comply with the definitions and procedural requirements set forth in these regulations.

Requests for approval of extended school-sponsored trips involving out-of-state, out-of-country, or overnight travel taken during and outside the days of regular student attendance shall be submitted to the Superintendent or designee for approval by the Board of Education forty-five (45) calendar days prior to an extended school-sponsored trip. The Superintendent or designee shall review the request and make a recommendation to the Board of Education.

In the case of CIF playoffs, academic competitions, or musical events where notification of selection and/or contest occurs between Board of Education meetings and/or agenda preparations, the authority for permission to attend the school-sponsored trip is delegated to the Superintendent with subsequent Board approval or ratification.

The Superintendent or designee shall establish a process for approving a staff member's request to conduct a school-sponsored trip. The Superintendent or designee shall consider student safety, objectives of instruction, the most effective use of instructional time, the distance from school, district and student expense, and transportation and supervision requirements, when reviewing these requests.

No school-sponsored trip shall be authorized if any student would be excluded from participation because of a lack of sufficient funds. (Education Code 35330)

District funds shall not be used to pay student expenses for out-of-state or out-of-country school-sponsored trips or excursions. However, expenses of instructors, chaperones, and other personnel participating in such trips, as well as incidental expenses for the use of district equipment during the trip, may be paid from district funds. (Education Code 35330)

Students on school-sponsored trips are under the jurisdiction of the district and shall be subject to district and school rules and regulations.

Resolution No. 21**

WHEREAS, the voters approved Proposition 30 on November 6, 2012;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012;

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the district shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of Placentia-Yorba Linda Unified School District;
