PUBLIC COMMENT

- Wayne Miller from the Yorba Linda Water District presented a rebate check to the District.
- Gail Spear and Clay Anderson from the Richard Nixon Library Docent Guild introduced themselves and provided information regarding the Geography Competition for PYLUSD seventh graders.
- Ann Ollivier and Aimee Firouznam addressed the Board regarding facilities issues at Travis Ranch.

SUPERINTENDENT’S REPORT

- Superintendent Greg Plutko commented that it is back to school time. Everyone across the district is in high gear preparing for the return of students. Dr. Plutko also mentioned that he is excited that staff has been looking at new instructional practices with the driving goal of creating future-ready students. Our district has been able to lead us in the area of technology, and we are excited about continuing that work.
- The district is getting ready to work with the City of Anaheim and their Public Utilities Commission to install solar car ports in the south parking lot of Esperanza High School (EHS). The district would benefit from the energy as well as the lease of that property. In addition, the company that is building the car ports will be teaming with the EHS Manufacturing and Design class and those students are going to have hands-on work next year. The district is holding a Community Night to present the information and solicit input from the community on Wednesday, August 30, at 7 p.m. in the EHS Library.
- Dr. Pluto thanked Mrs. Candy Plahy and her team for their leadership during our district-wide management symposium. Our theme this year was “Dive In. Be Well.” With the start of the new school year we are diving in on curriculum, assessment, and technology but also on the wellness part of the district. He is looking forward to another great start to the year and, as always, our theme will continue to be “our best year yet.”

BOARD REPORT

Mrs. Judi Carmona commented on the successful Leadership Symposium held on Thursday. The remarks she heard were that it was one of the best we have ever had.

Mr. Eric Padget welcomed everyone back and thanked staff for their hard work over the summer in preparing for the new school year.

BOARD REPORT (Continued)

Mrs. Carrie Buck also wanted to say thank you for the symposium. It gave everyone a lot of food for thought, not only for the position we hold but in considering our students' strengths as well. She is interested to see how we can take that strengths model and use it to benefit us as individuals, as a group, and as an organization and impact our students.

Mrs. Carol Downey thoroughly enjoyed the Leadership Symposium, mentioning that she felt like it was one of the best. She thanked everyone that worked on the preparation and said it was really well done. Trustee Downey welcomed everyone to another wonderful year.

Mrs. Karin Freeman reported that she attended our symposium as well as the ROP Back to School Inservice. The topics of both were similar and the district's symposium was very worthwhile to dive deep and look at ourselves and our traits and how we work as a team. We have had some losses of our district family and it has been a little bittersweet in the last few weeks.

BOARD POLICY

Placentia-Yorba Linda Unified School District

Community Relations

1330 - BP

USE OF FACILITIES

The Governing Board believes that school facilities and grounds are a vital community resource which should be used to foster community involvement and development. Therefore, the Board authorizes the use of school facilities by district residents and community groups for purposes specified in the Civic Center Act, to the extent that such use does not interfere with school activities or other school-related uses. The Superintendent or designee shall give priority to school-related activities in the use of school facilities and grounds. Other uses authorized under the Civic Center Act shall be reviewed and approved based upon the district's use of facilities guidelines. For the effective management and control of school facilities and grounds, the Superintendent or designee shall maintain procedures and regulations that:

1. Aid, encourage, and assist groups desiring to use school facilities for approved activities
2. Preserve order in school facilities and on school grounds and protect school facilities, designating a person to supervise this task, if necessary
3. Ensure that the use of school facilities or grounds is consistent with their use for school purposes and do not interfere with the regular conduct of school work
4. Subject to prior approval by the Board, the Superintendent or designee may grant the use of school facilities or grounds on those days on which district schools are closed

There shall be no advertising on school facilities and grounds except as allowed by district policy specified in BP 1325 - Advertising and Promotion. As necessary to ensure efficient use of school facilities, the Superintendent or designee may, with the Board's approval, enter into an agreement for the joint use of any school facilities or grounds. The Board shall approve any such agreement only if it determines that it is in the best interest of the district and the community.

Fees

The Board shall adopt a comprehensive schedule of fees to be charged for community use of school facilities and grounds, including, but not limited to, the multipurpose room(s), playing or athletic field(s), track and field venue(s), tennis court(s), and outdoor basketball court(s). The schedule of fees shall be prepared in accordance with 5 CCR 14037-14041. The Board shall grant the use of school facilities or grounds without charge to school-related organizations whose activities are directly related to or for the benefit of district schools. All other groups requesting the use of school facilities under the Civic Center Act shall be charged an amount not exceeding direct costs determined in accordance with 5 CCR 14037-14041. When any use of school facilities or grounds is for religious services, the district shall charge an amount at least equal to the district's direct costs. In determining direct costs to be charged for community use of each type of, school facility or grounds, the Superintendent or designee shall calculate, in accordance with 5 CCR 14038, the community's proportionate share of the following costs:

1. Capital direct costs calculated in accordance with 5 CCR 14039, including the estimated costs of maintenance, repair, restoration, and refurbishment of non-classroom space school facilities or grounds. However, capital direct costs shall not be charged to organizations retained by the district or school to provide instruction or instructional activities to students during school hours or for classroom-based programs that operate after school hours, including, but not limited to, after-school, tutoring, and child care programs.
2. Operational direct costs calculated in accordance with 5 CCR 14040, including estimated costs of supplies, utilities, janitorial services, other services of district employees and/or contracted workers, and salaries and benefits paid to district employees directly associated with the administration of the Civic Center Act to operate and maintain school facilities and grounds.

Direct cost fees shall not be discounted to any group or organization except when the discount is specifically authorized in the adopted fee schedule. Groups shall be charged fair rental value when using school facilities or grounds for entertainment or meetings where admission is charged or contributions solicited and net receipts are not to be expended for charitable purposes or for the welfare of the district's students.

Expending Funds Collected as Capital Direct Costs.

Any funds collected as capital direct costs shall be deposited into a special fund to be used only for capital maintenance, repair, restoration, and refurbishment of school facilities and grounds.
