**STUDENT BOARD REPORT**

Student Board Representative Adam Carrillo provided a report of the activities and events occurring at the district's high schools.

**SUPERINTENDENT'S REPORT**

- Superintendent Greg Plutko opened his remarks by congratulating our Student Board Representative Adam Carrillo for representing his peers and our district so well.
- Dr. Plutko shared that in addition to the wonderful recognitions taking place at the Board meeting tonight, El Dorado teacher Tiffany Badger was named as one of six Teachers of the Year in the County. County Superintendent of Schools, Dr. Al Mijares, came to El Dorado to personally present the award to Ms. Badger. She will move to the state level.
- Superintendent Plutko congratulated Tuffree Middle School and Yorba Linda Middle School for being named Gold Ribbon Schools. The schools were recognized at the Gold Ribbon Awards Ceremony on May 1 in Costa Mesa.
- *Love Placentia* exemplifies volunteers coming together to help one another. Dr. Plutko thanked Executive Director of Maintenance and Facilities Rick Guaderrama and his team who helped organize the event. This event is a great source of pride to our community.
- Dr. Plutko gave a brief update on the state budget and mentioned that we are waiting for the May Revise from the Governor which should be out in the next day or two. The January Governor's Proposed Budget was not friendly to schools. March revenues were better than expected and erased the deficit; but April revenues came in below what was projected and now we are flat. During May-June we will wrestle with what our final budget will be. Dr. Plutko thanked staff for all they are doing.
- The Superintendent sent well wishes to APLE Representative Linda Manion who is recuperating at home after a serious bike accident.
- Lastly, the Superintendent mentioned that the Federal Program Monitoring audit was taking place at our district this week; and, so far, things are going well.

**EDUCATION FOR FOSTER YOUTH**

The Governing Board recognizes that foster youth may face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs. To enable such students to achieve state and district academic standards, the Superintendent or designee shall provide them with full access to the district's educational program and implement strategies identified as necessary for the improvement of the academic achievement of foster youth in the district's local control and accountability plan (LCAP).

The Superintendent or designee shall ensure that placement decisions for foster youth are based on the students' best interests as defined in law and administrative regulation. To that end, he/she shall designate a staff person as the district liaison for foster youth to help facilitate the enrollment, placement, and transfer of foster youth.

The Superintendent or designee and district liaison shall ensure that all appropriate staff, including, but not limited to, each principal, school registrar, and attendance clerk, receive training on the enrollment, placement, and transfer of foster youth and other related rights.

The Board desires to provide foster youth with a safe, positive learning environment that is free from discrimination and harassment and that promotes students' self-esteem and academic achievement. The Superintendent or designee shall develop strategies to build a foster youth's feeling of connectedness with his/her school, including, but not limited to, strategies that promote positive discipline and conflict resolution, the development of resiliency and interpersonal skills, and the involvement of foster parents, group home administrators, and/or other caretakers in school programs and activities.

Annually, the Superintendent or designee shall report to the Board on the outcomes for foster youth regarding the goals and specific actions identified in the LCAP, including, but not limited to, school attendance, student achievement test results, promotion and retention rates by grade level, graduation rates, and suspension/expulsion rates. Evaluation data shall be used to determine and recommend revisions to the LCAP for improving or increasing services for foster youth.
