STUDENT BOARD REPORT

Student Board Member Nathan Brown provided a report of the activities and events occurring at the district’s high schools.

SUPERINTENDENT’S REPORT

Superintendent Greg Plutko opened by thanking Student Board Member Nathan Brown for his informative report and commented that he set the bar with his thoughtfulness in answering the question Board President Buck posed to him.

Dr. Plutko mentioned what a wonderful start to the school year we had. He brought attention to the fact that the state of California is seeing declining enrollment and PYL is not immune to it. He thanked our Business and Student Services Divisions and their staff for their comprehensive work in this area.

On a fun note, we are piloting full-day kindergarten at several sites and this was the first full week of those classes. Dr. Plutko invited the Board to visit these classrooms to see the thoughtful work being done. We will continue to build and learn in order to be successful in this work. He thanked the teachers that embraced this new adventure.

Superintendent Plutko recently sent out a welcome back message to district families and talked about the importance of school safety and wellness. He let the Board know this is a top priority, and we will keep them aware of what we are doing in this area. Dr. Plutko invited Executive Director Richard McAlindin to give a presentation on continued safety in PYLUSD by discussing lockdown drills, emergency response, safe school plans, and detection K-9s.

SUPERINTENDENT'S REPORT (Continued)

Last Friday, there was an AVID tailgate party at Valencia High School before the football game. Dr. Plutko commented that Kraemer has been a great partner with an abundance of students and families attending this event. This year, Valadez Middle School had two full buses of students who attended the AVID party. This was a proud moment, and he thanked the principal and assistant principal of Valadez for their participation.

Dr. Plutko shared an excerpt from an article on California's Positive Outliers study, which looks at student achievement gaps. He thanked staff for all of their work in closing the achievement gap for our Hispanic students.

Mrs. Karin Freeman thanked all departments for the smooth opening. She visited 17 school site offices and heard many positive remarks including that full-day kindergarten is going very well. The Assessment Center is busy doing great things and making sure that they meet the needs of their families. Linda Vista preschool is thrilled with their remodel and expressed appreciation. Mrs. Freeman enjoyed the district’s first summer graduation and thinks there will be more participation in the future.

Mrs. Judi Carmona commended the great job done on the fall graduation. **BOARD OF EDUCATION OF THE
PLACENTIA-YORBA LINDA UNIFIED SCHOOL DISTRICT**

RESOLUTION NO. 12

September 10, 2019

Resolution requesting financial assistance from County of Orange and their receipt of the Mental Health Services Act funds (Proposition 63 2004) as approved by the County Board of Supervisors

WHEREAS, the School Districts of Orange County have long been committed to providing improved mental health programs and services to students; and

WHEREAS, all students have the right to mental health treatment; and

WHEREAS, the Placentia-Yorba Linda Unified School District reaffirms its commitment to student mental health through the yearly LCAP (Local Control Accountability Plan); and

WHEREAS, the Placentia-Yorba Linda Unified School District encourages each community and agency of government support to make available mental health programs and services which will meet the needs of all children and youth; and

WHEREAS, the Placentia-Yorba Linda Unified School District is deeply concerned about the increasing number of children suffering from mental and emotional health and wellness conditions. According to the National Alliance on Mental Illness, 20% of youth ages 13-18 live with a mental health condition; and

WHEREAS, mental illness can negatively impact family life, personal happiness, acceptance of civic responsibility and completion of one's education; 37% of students with a mental health condition, age 14 and older, drop out of school—the highest dropout rate of any disability group; and

WHEREAS, schools and other educational agencies are feeling the adverse effects of mental illness on students, families and communities. The National School Boards Association reports, "The odds are, therefore, that every classroom in every school has at least one student with a mental health disorder. Of those who have a mental health disorder, only one out of five will receive any treatment." The majority of young people who do receive mental health treatment do so at school; and

WHEREAS, mental illness and disorders affect so many children and teens ages 6 to 17 that 79% of them do not receive mental health care. The average delay between onset of symptoms and intervention is 8-10 years and 90% of youth ages 10-24 that died by suicide had an underlying mental illness; and

WHEREAS, an environment of acceptance of the reality, prevalence, and effects of mental illness in the home, school, and community environments is essential to the development of supportive approaches towards those who suffer from mental illness; and

NOW, THEREFORE, BE IT RESOLVED, that the Placentia-Yorba Linda Unified School District strongly encourages efforts to obtain directed funding to supplement the mental health programs being offered in our schools;

BE IT FURTHER RESOLVED, that the Placentia-Yorba Linda Unified School District and the other school districts of Orange County be included in the stakeholder community planning process to collaborate on how to expend funds consistent with the required local plan.

RESOLUTION NO. 11

Week of the School Administrator

WHEREAS leadership matters for California’s public education system and the more than 6 million students it serves;

WHEREAS, school administrators are passionate, lifelong learners who believe in the value of quality public education, and

WHEREAS, the title “school administrator” is a broad term used to define many education leadership posts. Superintendents, assistant superintendents, principals, assistant principals, special education and adult education leaders, curriculum and assessment leaders, school business officials, classified educational leaders, and other school district employees are considered administrators; and

WHEREAS, providing quality service for student success is paramount for the profession; and

WHEREAS, most school administrators began their careers as teachers. The average administrator has served in public education for more than a decade. Most of California’s superintendents have served in education for more than 20 years. Such experience is beneficial in their work to effectively and efficiently lead public education and improve student achievement; and

WHEREAS, public schools operate with lean management systems. Across the nation, public schools employ fewer managers and supervisors than most public and private sector industries including transportation, food service, manufacturing, utilities, construction, publishing, and public administration; and

WHEREAS, school leaders depend on a network of support from school communities – fellow administrators, teachers, parents, students, businesses, community members, board trustees, colleges and universities, community and faith-based organizations, elected officials and district and county staff and resources – to promote ongoing student achievement and school success; and

WHEREAS, research shows great schools are led by great principals, and great districts are led by great superintendents. These site leaders are supported by extensive administrative networks throughout the state; and

WHEREAS, the State of California has declared the second full week of October as the “Week of the School Administrator” in Education Code 44015.1; and

WHEREAS, the future of California’s public education system depends upon the quality of its leadership;

NOW, THEREFORE, BE IT RESOLVED, by the Placentia-Yorba Linda Unified School District, that all school leaders be commended for the contributions they make to successful student achievement.
